Information Fields:

State

Enter the state for which the eligible telecommunications carrier (ETC) is filing this certification. An ETC must provide a certification form for each state in which it provides Lifeline service. Use a separate *Annual Lifeline Eligible Telecommunications Carrier Certification Form* for each state.

Study Area Code(s) SAC

Enter the six-digit study area code(s) (SAC) for the state for which the certification is filed. An ETC may include multiple SACs on one form only if the ETC has more than one SAC in the state indicated.

ETC Name(s)

Enter the corporate name of the ETC submitting the *Annual Lifeline Eligible Telecommunications Carrier Certification Form*.

Holding Company Name(s)

Enter the corporate name of the holding company of the ETC.

DBA, Marking or Other Branding Name(s)

Enter all additional names under which the ETC does business, including d/b/a(s) (doing business as) and the names under which the ETC markets or brands its Lifeline service in the

FCC Form 555 – Filing Instructions

state reported on this *Form*.

Affiliated ETCs

Provide a list of all ETCs that are affiliated with the reporting ETC. Affiliation shall be determined in accordance with section 3(2) of the Communications Act. That Section defines “affiliate” as “a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person.” 47 U.S.C. § 153(2); *see also* 47 C.F.R. § 76.1200. Use additional sheets if necessary.

Section 1: ALL ETCs MUST COMPLETE SECTION 1.

Section 1 of the *Annual Lifeline Eligible Telecommunications Carrier Certification Form* requires an officer of an ETC to certify that the ETC verifies consumer eligibility prior to enrolling a consumer in Lifeline by either A) reviewing income and program-based eligibility documentation or B) confirming the consumer’s eligibility by relying upon access to a state database and/or notice of eligibility from the Lifeline administrator.

Section 2: ALL ETCs MUST COMPLETE SECTION 2 AND MUST COMPLETE EITHER (1) CERTIFICATIONS A AND/OR B OR (2) CERTIFICATION C. ETCs SHOULD ENTER ZERO INSTEAD OF A BLANK FOR COLUMNS FOR WHICH THERE IS NO RESULT.

Section 2 requires an officer of an ETC to certify either 1) that the ETC has procedures in place to re-certify the continued eligibility of its Lifeline subscribers, and that the ETC has copies of signed certifications, and/or 2) that the ETC has procedures in place to re-certify the continued eligibility of its Lifeline subscribers by consulting a database or that those subscribers were re-certified by a Lifeline administrator; or 3) that the ETC did not claim federal low income support for any Lifeline subscribers prior to February of the current Form 555 calendar year. The “current Form 555 calendar year” is the year covered by the recertification results recorded on the Form, not the year in which Form 555 is filed.

Section 2 requires that the results of the ETC’s annual recertification be recorded.

All ETCs must complete Columns A, B and C for each state in which they provide Lifeline service.

Column A: Report the number of Lifeline subscribers for which the ETC claimed Lifeline support on its February FCC Form 497 for the current Form 555 calendar year (i.e., the FCC Form 497 for the February data month) for the SAC or SACs listed. If the ETC has more than one SAC in the state covered by this form, the combined total number of subscribers should be entered in Column A. If the ETC did not claim support on its February FCC Form(s) 497, the ETC should enter zero in Column A.

Column B: If the ETC is acting as a wholesaler and provides Lifeline service to wireline resellers pursuant to section 251(c)(4), report the number of such lines provided to resellers. If the ETC does not provide service to wireline resellers, the ETC should enter zero in Column B.

FCC Form 555 – Filing Instructions

Column C: Report the number of Lifeline subscribers for which the ETC claimed Lifeline support on its February FCC Form 497 for the current Form 555 calendar year that were initially enrolled in Lifeline in that year. For example, for the 2013 Form 555 calendar year, if the carrier enrolled 500 subscribers in January 2013, and all 500 of those subscribers were claimed on the 2013 February FCC Form 497, all 500 of these subscribers would be reported in this column.

Recertification Results for Section 2:

An officer of the ETC must initial at least one of the certifications. Depending on the state, both Certification A and B may apply. An ETC must report the results of its re-certification process in the chart corresponding to the certification the officer of the ETC has initialed.

Certification A: An officer of the ETC must initial Certification A in Section 2 and complete Columns D-I if the ETC verifies consumer eligibility by reviewing documentation provided by the consumer.

Certification B: An officer of the ETC must initial Certification B in Section 2 and complete Columns J-L if the ETC verifies consumer eligibility by relying on information provided by a database, state Lifeline administrator or USAC in those instances where the ETC has elected to use USAC to perform the recertification. (*Note that consumer documentation does not qualify as a database or state Lifeline administrator.*) In the blank, provide the data source or sources used to verify consumer eligibility. Data sources can include, for example, the name of a state or federal database an ETC queried to confirm consumer eligibility or a state Lifeline administrator that provided notice of consumer eligibility to the ETC. ETCs must also indicate for which qualifying programs (*e.g.*, SNAP, SSI) each source was used to verify consumer eligibility.

Certification A and B: An officer of an ETC that uses multiple methods of confirming ongoing consumer eligibility should complete both Certification A and B and complete columns D-L. For example, an ETC that uses a state database to verify eligibility of consumers who qualify because they receive benefits under the SNAP program, but reviews documentation of eligibility provided by consumers who qualify under other programs or based on their income, should complete both Certification A and B in Section 2.

Certification C: An officer of the ETC must initial Certification C if the ETC did not claim federal Low Income support for any Lifeline subscribers for FCC Form 497 data for the current Form 555 calendar year. The ETC officer must provide the current year in the space provided.

Column D: Report the number of Lifeline subscribers the ETC contacted directly to obtain re-certification of eligibility. Enter zero if the ETC relied solely on methods other than direct

FCC Form 555 – Filing Instructions

contact with subscribers (e.g., consulting a state database or relying on a Lifeline administrator) to re-certify eligibility.

Column E: Report the number of Lifeline subscribers that responded to the ETC's request to re-certify their eligibility for Lifeline. This number could be equal to the number in Column D (if every subscriber contacted responded) or less than the number reported in Column D (if not every subscriber contacted responded). Enter zero if the ETC relied solely on methods other than direct contact with subscribers (e.g., consulting a state database or relying on a Lifeline administrator) to re-certify eligibility.

Column F: Report the number of subscribers who did not respond to the ETC's request to re-certify eligibility. This number should equal the number reported in Column D minus the number reported in Column E. Enter zero if the ETC relied solely on methods other than direct contact with consumers (e.g., consulting a state database or relying on a Lifeline administrator) to re-certify eligibility.

Column G: Report the number of subscribers contacted who responded and indicated that they are no longer eligible. Do not include in Column F any consumers who failed to respond to the ETC's contact. Enter zero if the ETC relied solely on methods other than direct contact with subscribers (e.g., consulting a state database or relying on a Lifeline administrator) to re-certify eligibility.

Column H: Report the number of subscribers that have been, or are scheduled to be, de-enrolled. A subscriber that fails to re-certify continued eligibility must be de-enrolled from Lifeline pursuant to 47 C.F.R. §54.410(f)(5). The number reported in Column G should include the number of subscribers who did not respond to the ETC's request to re-certify eligibility, as reported in Column E, plus the number of subscribers who responded and indicated that they are no longer eligible, as reported in Column F. Enter zero if the ETC relied solely on methods other than direct contact with subscribers (e.g., consulting a state database or relying on a Lifeline administrator) to re-certify eligibility.

Column I: Report the number of subscribers – of those contacted directly by the ETC in an attempt to re-certify eligibility – who de-enrolled from Lifeline prior to the ETC's attempt to re-certify continued eligibility. This number should include all subscribers who de-enrolled for any reason, including those subscribers that discontinued Lifeline service with the ETC on their own initiative and those that the ETC de-enrolled from Lifeline (for example, those de-enrolled for non-usage). Enter zero if the ETC relied solely on methods other than direct contact with subscribers (e.g., consulting a state database or relying on a Lifeline administrator) to re-certify eligibility. *ETCs should be careful not to double count these subscribers in column L.*

Column J: Report the number of consumers for which the ETC relied on a source other than direct contact with the subscriber to confirm continued eligibility. An ETC can rely on a state or national database to confirm a subscriber continued to be eligible for Lifeline. An ETC can

FCC Form 555 – Filing Instructions

also rely on a Lifeline administrator to confirm consumer eligibility or on USAC in those instances where the ETC has elected to utilize USAC to perform the recertification. An ETC must report the number of subscribers for which it relied on either of these methods (confirmation through database or Lifeline administrator) in Column J. ***ETCs electing to use USAC to perform their recertification may not also attempt to recertify subscribers on their own.***¹ *If any of subscribers are subsequently contacted directly by the ETC in an attempt to recertify eligibility, those subscribers should be listed in columns D through I as appropriate and not in column J. ETCs should be careful not to double count these subscribers.* Enter zero if the ETC relied solely on direct contact with subscribers to re-certify eligibility.

Column K: Report the number of subscribers found to be ineligible via confirmation through a database, from a Lifeline administrator, that were de-enrolled, or are scheduled to be de-enrolled. That is, of the number of subscribers for which the ETC or Lifeline administrator utilized a database to attempt to confirm eligibility or were determined by USAC to be ineligible, how many were found to be ineligible. *If any of these subscribers are subsequently contacted directly by the ETC in an attempt to recertify eligibility, those subscribers should be listed in columns D through I as appropriate and not in column K. ETCs should be careful not to double count these subscribers. ETCs electing to use USAC to perform their recertification may not also attempt to recertify subscribers on their own.* Enter zero if the ETC relied solely on direct contact with subscribers to re-certify eligibility.

Column L: Report the number of subscribers – of those for which the ETC attempted to verify eligibility via a database or through a Lifeline administrator – who de-enrolled from Lifeline prior to the ETC's attempt to re-certify continued eligibility. This number should include all subscribers who de-enrolled for any reason, including those subscribers that discontinued Lifeline service with the ETC on their own initiative and those that the ETC de-enrolled from Lifeline for reasons unrelated to the re-certification process (for example, those de-enrolled for non-usage). *ETCs should be careful not to double count these subscribers in column I. ETCs electing to use USAC to perform their recertification may not also attempt to recertify subscribers on their own.* Enter zero if the ETC relied solely on direct contact with consumers to re-certify eligibility.

Section 3: ALL ETCS MUST COMPLETE SECTION 3. ETCs SHOULD ENTER ZERO INSTEAD OF A BLANK FOR COLUMNS FOR WHICH THERE IS NO RESULT

Section 3 requires the ETC to calculate the percentage of de-enrolled subscribers for the ETC based on the recertification results entered in Columns A-L in Section 2.

Column M: Enter the number of subscribers claimed on February FCC Form(s) 497 for the current calendar year. This number should match the number entered in Column A. If the ETC entered zero in Column A, it should also enter zero in Column M.

FCC Form 555 – Filing Instructions

Column N: Enter the number of subscribers de-enrolled or scheduled to be de-enrolled as a result of non-response or ineligibility. This number should match the number entered in Column H. If the ETC entered zero in Column H, it should also enter zero in Column N.

Column O: Enter the number of customers de-enrolled or scheduled to be de-enrolled as a result of a finding of ineligibility. This number should match the number entered in Column K. If the ETC entered zero in Column K, it should also enter zero in Column O.

Column P: Enter the total number of customers de-enrolled or scheduled to be de-enrolled by adding Columns N and O. If Columns N and O contain zeros, then enter zero in Column P.

Column Q: Enter the percentage of subscribers de-enrolled or scheduled to be de-enrolled that were claimed on the February FCC Form(s) 497 by dividing Column P by Column M and multiplying the result by 100.

Section 4: ALL ETCS MUST COMPLETE APPROPRIATE CHECK BOX; PRE-PAID ETCS MUST COMPLETE ALL OF SECTION 4

Section 4 requires the ETC to select whether or not the ETC is a pre-paid Lifeline service provider. If the ETC selects yes, the ETC must report by month the number of Lifeline customers de-enrolled as a result of non-usage. 47 C.F.R. §54.405(e)(3) requires ETCs that do not assess or collect a monthly fee from their subscribers to de-enroll subscribers who do not use their Lifeline service for 60 consecutive days plus a 30 day period after notice of potential de-enrollment for non-use is provided. ETCs that do not assess or collect a monthly fee from their Lifeline customers must complete Section 4.

Column S: Report the number of subscribers de-enrolled for non-usage by month.
