

National Lifeline Accountability Database (NLAD) v2.3.11 Release Notes

New Functionality in 2.3.11

- Added three new options to the Duplicate Resolution De-Enroll Report: “Production – Duplicate Subscriber,” “Migration – Duplicate Subscriber,” and “Duplicate Address”

Bug Fixes in 2.3.11

- When enrolling or transferring a subscriber, “Select SAC” field is not defaulted to a SAC

Known Issues in 2.3.11

- NLAD reports do not restrict NAP returned reports to 500 rows
- User can search for a de-enrolled subscriber during the same browser session
- “Spinning wheel” displays intermittently when viewing “Duplicate Subscriber” and “Duplicate Resolution” de-enroll report
- User directed to E-File if account is locked out
- User receives error instead of being directed to login screen if automatically logged out
- Benefit Transfer (IE9), Service Initiation Date calendar does not hide
- Email subject line for benefit transfer emails contains special characters
- “Confirm Link Up” address validation errors aren’t consistent with “Enroll” address validation error
