

National Lifeline Accountability Database (NLAD) v2.8.2 Release Notes

June 1, 2016 – Disabled current API for Dispute Resolution

- Beginning today, June 1, 2016, at 5:00 PM ET, USAC will no longer support the current resolution request API in the National Lifeline Accountability Database's pre-production and production environments. Only dispute resolutions submitted through the new API will be accepted starting today at 5:00 PM ET.
- Please review the "Submit Resolution Request" section of the API Specification guide in NLAD for further details. For more information on the NLAD dispute resolution process, please visit our website.
