Next Steps:

Upon receipt of service provider billing for this service, and after payment of 15% of the bill total, the Project Coordinator should follow instructions in the SharePoint portal for completing the Invoice template. The Invoice must be signed and dated by both the Project Coordinator and the Service Provider.

RHC must immediately be notified, if at any time, the supported services are not delivered as described. Project Coordinators are reminded that they, and any entity on whose behalf they filed an application, continue to be subject to audits and other reviews that the RHCD and/or the FCC may undertake to ensure that the support is being used in compliance with FCC program rules. If the RHCD discovers that supported services are not being used in compliance with program rules, applicants will be subject to enforcement activities and other means of recourse by the RHCD and other appropriate Federal, state and local authorities.

If you have any questions, please call the Customer Service Support Center at 1-800-229-5476 and ask to speak to a Pilot Program representative, or call your project reviewer directly.

Sincerely,

Rural Health Care Pilot Program
