RHC Connect Update

- Post-commitment change requests are now in RHC Connect.
- The following functionality is available:
 - SPIN changes (operational and corrective)
 - Site and service substitutions
 - Service delivery deadline extension requests for non-recurring expenses
 - Invoice filing deadline extension requests
- A step-by-step [RHC Connect Post-Commitment Change Request User Guide](#) and a new [Post-Commitment Actions](#) webpage is posted on the USAC website.

SPIN Changes

Submitting Post-Commitment Change Requests in
RHC Connect

SPIN Changes

- [FCC Order 19-78](#) formalized the process to request SPIN changes in the Healthcare Connect Fund (HCF) and Telecommunications (Telecom) Programs.
- In certain situations, applicants can request a change of the SPIN/498 ID.
- A SPIN change can be either corrective or operational.
- Per [FCC Order 23-110](#), the SPIN change request deadline has been moved to align with the invoice filing deadline (Beginning in FY2023).

SPIN Changes – Corrective

- A corrective SPIN change is any amendment to the SPIN associated with an FRN that does not involve a change to the service provider associated with that FRN.
- This occurs when:
 - A change is required for clerical or data entry errors (e.g., fixing clerical errors or situations where the applicant names the correct service provider in the funding request but provides the incorrect SPIN).
 - There is an update to a service provider's SPIN that has changed due to the merger of companies or the acquisition of one company by another.
 - Effectuating a change that was not initiated by the applicant.

SPIN Changes – Operational

- An operational SPIN change is a request to change the actual service provider associated with an FRN.
- This occurs when:
 - The applicant has a legitimate reason to change providers (e.g., breach of contract or the service provider is unable to perform); and
 - The applicant's newly selected service provider received the next highest point value in the original bid evaluation, assuming there were multiple bidders.
- **NOTE:** Changing service providers because the services are available at a lower cost from another service provider or because the applicant now wishes to do business with a service provider that did not participate in the competitive bidding process are not considered legitimate reasons for change, and requests citing such reasons will be denied.

When to File a SPIN Change Request

- A request for a SPIN change must be received **no later than the invoice filing deadline for that FRN**.
- Applicants should notify USAC of their intent to change service providers as soon as the decision is made and should advise USAC of the proposed effective date of the change.
- Applicants should send the request for the change to USAC **before** the change takes place so that USAC has time to process the request before the submission of any invoices for services rendered by the new service provider.
- Once the request is received, USAC will make no additional payments on the FRN until the change is reviewed and either:
 - Approved and the SPIN is changed, or
 - Denied and USAC verifies that additional invoices are for services rendered to the applicant by the original service provider.

How to File a SPIN Change Request

- If the SPIN change occurs **after** the FRN is approved, applicants should submit SPIN change request as follows:
 - Funding Years 2022 and after – the applicant should submit the SPIN change request through RHC Connect.
 - Funding Years 2021 and prior – the applicant should send an email to RHC-Invoicing@usac.org with the SPIN change request. The affected FRN should be included in the subject line of the email.
- If a corrective SPIN change is needed **before** an FRN has been committed, applicants should reach out to the RHC Customer Service Center with the request. The affected FRN should be included in the subject line of the email.
- As part of this request, applicants must also certify to the following:
 - The SPIN change is allowed under all applicable state and local procurement rules and under the terms of the contract, if any, between the applicant and its original service provider, and
 - The applicant has notified its original service provider of its intent to change service providers.

Note: If the applicant's original service provider is no longer in business, the applicant must instead certify that it attempted to notify its original service provider of its intent to change service providers but could not because the service provider is not available for contact.

Types of SPIN Changes

A **corrective SPIN change** is any amendment to the SPIN associated with a Funding Request Number that does not involve a change to the service provider associated with that Funding Request Number. This occurs when:

- Correcting data entry errors (e.g. fixing clerical errors such as naming the correct service provider in the funding request but providing the incorrect SPIN).
- SPIN has changed due to the merger of companies or the acquisition of one company by another; or
- Effectuate a change to the SPIN that does not involve a change to the service provider of a funding request and was not initiated by the applicant.

Generate SPIN Change Request Report

The "effective date" for a SPIN change must be after the latest invoice date. If you plan to submit a bulk request with multiple FCC Forms 462, we suggest only selecting FCC Forms 462 that **do not** have an approved invoice (FCC Form 463). **Submit FCC Forms 462 with approved invoices on a separate individual SPIN change request.** This will ensure that the "effective date" calculation is straightforward and easier to understand.

Please reference the downloadable "SPIN Change Request Report" for more details.

Site and Service Substitutions

Submitting Post-Commitment Change Requests in
RHC Connect

Site and Service Substitutions

- Site and service substitutions allow the applicant to reallocate un-invoiced committed funds to substitute services, modify or upgrade services, or provide the requested services to other eligible sites (consortia).
- Substitutions provide the flexibility for applicants to spend all of the committed funds, even though USAC-supported services or the service location may change over the course of the funding commitment.
- Substitution modifications cannot exceed the approved funding amount.
- Please keep in mind that site and service substitutions take a minimum of 90 days to process.
- **Substitutions must be submitted by the service delivery deadline.**

Site and Service Substitutions – Consortia Applicants

- Consortia applicants may request a Site and Service Substitution if:
 - The substitution is provided for in the contract, within the change clause, or constitutes a minor modification,
 - The site is an eligible health care provider (HCP), and the service is an eligible service under the Healthcare Connect Fund (HCF) Program,
 - The substitution does not violate any contract provision or state, Tribal or local procurement laws, and
 - The requested change is within the scope of the controlling FCC Form 461 (Request for Services Form), including any applicable Request for Proposal (RFP) used in the competitive bidding process.

Service Substitutions – Individual Applicants

- Individual applicants may request a service substitution if:
 - The substitution is provided for in the contract, within the change clause, or constitutes a minor modification,
 - The service is an eligible service under the HCF Program,
 - The substitution does not violate any contract provision or state, Tribal or local procurement laws, and
 - The requested change is within the scope of the controlling request for services, including any applicable request for proposal used in the competitive bidding process.

Submitting Post-Commitment Change Requests in
RHC Connect

Service Delivery Deadline Extension

- Per [FCC Order 19-78](#), applicants may request and receive a one-time, one-year extension of the service delivery deadline for non-recurring services if one of the following criteria is met:
 - Applicants whose Funding Commitment Letters (FCLs) are issued on or after March 1 of the funding year for which discounts are authorized.
 - Applicants that receive service provider change authorizations or site and service authorizations from USAC on or after March 1 of the funding year for which discounts are authorized.
 - Applicants whose service providers are unable to complete implementation for reasons beyond the service providers' control; or
 - Applicants whose service providers are unwilling to complete delivery and installation because the applicant's funding request is under review with USAC for program compliance.
- Service delivery deadline extension requests must be submitted on or before the original service deadline. The service delivery deadline is included in [the applicant's FCL](#).

Service Delivery Deadline Extension

Service Delivery Deadline Extension

To be eligible for program support, eligible services must be received during a specific period of time related to the particular funding year for which discounts are requested.

Recurring services must be delivered during the relevant funding year (July 1 through June 30). There are no extensions available for the installation deadline for recurring services.

In general, non-recurring services must be delivered and installed between July 1 of the relevant funding year and September 30 following the June 30 close of that funding year (i.e., 15 months after the beginning of the funding year). Certain recipients may receive extensions of the deadline for delivery and installation of these non-recurring services, which can occur for various reasons, including:

- A Funding Commitment Decision Letter (FCDL) is issued by USAC on or after March 1 of the funding year for which support is authorized.
- Operational Service Provider Identification Number (SPIN) changes and/or service substitutions are approved by USAC on or after March 1 of the funding year. The acronym "SPIN" is also known as the service provider's 498 ID.
- The applicant requested an extension because the service provider was unable to complete delivery and installation for reasons beyond the service provider's control.
- The applicant requested an extension because the service provider has been unwilling to complete delivery and installation after USAC delayed payment while reviewing the application for program compliance.
