# SCHOOLS AND LIBRARIES (E-RATE) PROGRAM

## Filing FCC Form 474

### Service Provider Invoice (SPI) Form

## Purpose of FCC Form 474

Service providers use the FCC Form 474, Service Provider Invoice (SPI) Form, to request reimbursements from the Universal Service Administrative Company (USAC) for eligible services provided at discounted prices. The service provider must provide the service and give a discounted bill to the applicant prior to submitting the FCC Form 474.

## Before You Begin

This user guide does not include all of the rules and requirements for the Schools and Libraries (E-rate) Program. Before you start preparing your FCC Form 474, you should be familiar with the eligibility rules and filing procedures. Additional information is available on the [USAC website](#).

ALL of the following conditions must occur before a service provider prepares and submits the FCC Form 474 to USAC:

1. The service provider receives a Funding Commitment Decision Letter (FCDL) from USAC which approves eligible discounts for services; AND
2. The eligible applicant is already receiving or has received these services; AND
3. The service provider has billed the applicant for its non-discount share of the services; AND
4. The service provider has received its FCC Form 486 Notification Letter; AND
5. The service provider has filed an FCC Form 473, Service Provider Annual Certification Form, for the corresponding funding year.

## What is a Funding Commitment Decision Letter (FCDL)?

USAC will issue an FCDL to each applicant that submitted the FCC Form 471 and to each service provider identified on an FCC Form 471 as the provider of the services for which discounts have been requested. The FCDL will identify the discount amount that has been approved for each Funding Request Number (FRN) as well as the Service Provider Identification Number (SPIN) for the service provider that is authorized to provide the discounted services.

## What is a Funding Request Number (FRN)?

An FRN identifies a service or group of services for which an applicant has requested funding on their FCC Form 471, Description of Services Ordered and Certification Form.

## What If You Receive a Revised FCDL?

If the service provider receives a Revised FCDL as a result of an appeal or other post-commitment decision, the service provider should complete the form using information from the Revised FCDL instead of the original FCDL.

## Service Provider Annual Certification Form

The service provider must submit the FCC Form 473, Service Provider Annual Certification (SPAC) Form, to confirm that their invoice forms will be completed in compliance with the FCC rules governing the schools and libraries universal service support mechanism. The service provider must complete the FCC Form 473 prior to submitting its first invoice form to USAC. USAC will not pay any invoices without an FCC Form 473 filed for the pertinent funding year.

## Who Must File?

Service providers that have provided discounted eligible services and discounted bills to eligible schools, school districts, libraries, library consortia, and consortia of multiple entities must file the FCC Form 474 to seek reimbursement for the cost of the discounts.

The filing service provider must be the entity whose SPIN is associated with a service or group of services in a USAC approved FRN.

## How Many FCC Forms 474 Should You File?

You must submit an FCC Form 474 line entry for each FRN associated with a Billed Entity Number (BEN) whose services you have already provided since your actual service start date. For each BEN, your FCC Form 474 should contain information for each FRN for services delivered to that applicant AND for which you have received your FCDL. Your FCC Form 474 may include multiple BENs and multiple FRNs. Please be sure each FCC Form 474 that you complete contains only one SPIN.

## Deadline to File

The FCC Form 474 deadline is 120 days after the last day to receive service or 120 days after the date of the FCC Form 486 Notification Letter, whichever is later. For most applicants and service providers, the invoice deadline for recurring services is 120 days after June 30, the last day to deliver recurring services. For most applicants and service providers, the invoice deadline for non-recurring services is 120 days after September 30, the last day to deliver non-recurring services.

## Extension to File Late

USAC can grant one 120-day extension of the invoice deadline. The applicant or the service provider must request the extension on or before the invoice deadline. If your deadline is October 28, you must submit your request on or before October 28. USAC cannot process late requests.

## Where to File

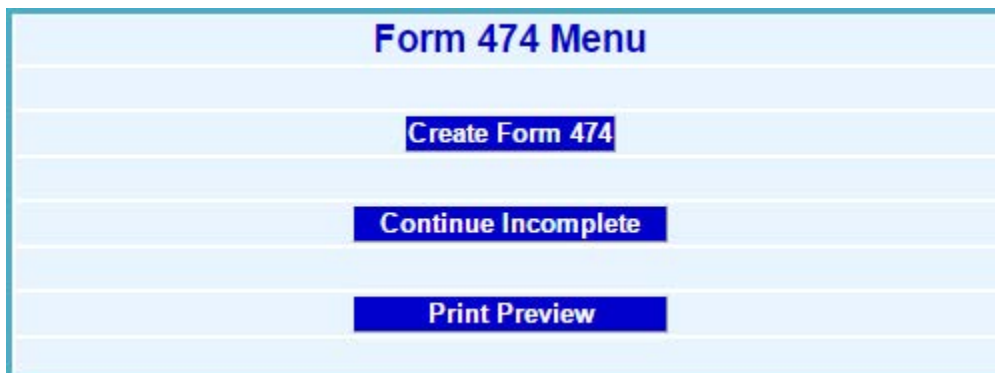

You can submit the FCC Form 474 through the [online system](#) or [electronically \(by email\)](#).

If you choose to file electronically (by email), you can submit your invoice information to USAC in a comma-delimited file. Follow the instructions [on our website](#).
