

Sample Asset Register/Inventory List

Schools and Libraries (E-rate) Program rules state that “Schools, libraries, and consortia shall maintain asset and inventory records of equipment purchased as components of supported category two services sufficient to verify the actual location of such equipment for a period of ten (10) years after purchase.” The Federal Communications Commission (FCC)’s *2014 E-rate Order* (FCC 14-99, released July 23, 2014, WC Docket No. 13-184) extended the document retention period for the E-rate Program from five (5) years to ten (10) years.

Below is an example of an inventory tracking worksheet that may be helpful in case of an audit or other USAC or FCC request for documentation supporting a request for E-rate Program funds. It is not mandatory to use this example for your asset register/inventory list.

Additional information that may help you track E-rate Program supported equipment:

- Label all equipment with Funding Request Number (FRN) and funding year.
- Keep a schematic/network diagram of all equipment and the location in the building(s) including drops/wall jacks as that will help you locate equipment as required by FCC rules.
- FCC rules require maintenance of records for all E-rate Program funded equipment and services at least ten (10) years after last date of service delivered. See 47 C.F.R. § 54.516(a).
- Keep specific records of maintenance details (what equipment has been serviced, the hours spent, who performed the service, date the service occurred). Vendor documentation demonstrating the performance of eligible basic maintenance of internal connections services is required. See *Sixth Report and Order* (FCC 10-175, released Sept. 28, 2010, CC Docket No. 02-6).

Transfer of equipment information:

- [Equipment can be transferred](#) from a closed location to other eligible entities within three years of the date of purchase. See Third Report and Order (FCC 03-323, released Dec. 23, 2003, CC Docket No. 02-6). Applicants must notify USAC of any equipment transfer(s) by submitting an [FCC Form 500](#). See, e.g., 47 C.F.R. § 54.513(d) (requiring applicants to notify USAC of any equipment transfers).
