SECTION A:

About USAC and the Work

1. Overview of the Project

USAC requires that the Contractor provide nationwide Wire Center Boundaries for the most recent complete year in GIS format (e.g., 2019), including for all U.S. states and, if available, territories.

2. USAC Background

Through its administration of the Universal Service Fund (“USF”) programs on behalf of the Federal Communication Commission (“FCC”), USAC works to promote the availability of quality services at just, reasonable and affordable rates and to increase access to advanced telecommunications services throughout the nation. Specifically, through program administration, auditing, and outreach, USAC works with contributors, service providers, and program beneficiaries to achieve the program goals articulated by the FCC for each of these programs.

The FCC has reformed the USF to support further investment in and access to evolving broadband infrastructure, making the programs a primary vehicle to support this critical national priority. USAC, as the administrator of the USF, plays a critical role in supporting the ambitious vision to ensure that all citizens in the United States have access to high-speed broadband. USAC works in close partnership with the FCC and other federal and state partners to support the achievement of the USF program goals.

USAC administers the USF programs—High Cost, Lifeline, Rural Health Care, and Schools and Libraries. USAC strives to provide efficient, responsible stewardship of the programs, a key national asset in making important telecommunications services available to consumers, health care providers, schools, and libraries throughout the United States. The program divisions are supported by additional USAC personnel in Finance, General Counsel, Information Systems, Assurance and Audit, the Enterprise Program Management Office and Human Resources.

Consistent with FCC rules, USAC does not make policy for or interpret unclear provisions of statutes or the FCC’s rules. Additional information on USAC programs can be found at: <http://www.usac.org/about/about/who-we-are/default.aspx>

3. Confidentiality

This RFP and any resultant contract is subject to the terms of the Confidentiality Agreement (attached hereto as Attachment 2) which must be executed by Offeror and submitted along with any proposal for this RFP.

SECTION B:

Requirements and Scope of Work

1. OVERVIEW OF PROJECT

USAC is seeking a collaborative, best-in-class Geographical Information System (GIS) contractor to provide nationwide Wire Center Boundaries. Wire Center Boundaries are the basic element of telecommunications geography and are the geographic area served by telecommunication equipment within a central office. These elements describe the organization of the local telephone exchange system; each Wire Center serves a unique set of telephone numbers within a specific geographic area.

Competitive Eligible Telecommunication Companies (CETCs) are predominantly wireless and wireline companies that offer voice services and operate in the same areas as Incumbent Local Exchange Carriers (ILECs). ILECs provide landline voice service while CETCs provide primarily wireless voice services.

USAC requires that the Contractor provide nationwide Wire Center Boundaries for the most recent complete year in GIS format (e.g., 2019), including for all U.S. states and, if available, territories.

2. TYPE OF CONTRACT

The contract to be awarded to Contractor according to this RFP will be a firm fixed price single-award contract (the “Contract”). The firm-fixed-price shall include all direct and indirect costs outlined in this Section B of the RFP, including equipment, product support, supplies, general and administrative expenses, overhead, materials, travel, labor, taxes (including use and sales taxes), shipping, and profit.

3. CONTRACT TERM

The initial term of the Contract shall be for one (1) year (the “Initial Term”) with [two] [(2)] one-year renewal options (each a “Renewal Option”, and together with the Initial Term, the “Contract Term”). USAC may conduct occasional meetings or training at USAC Headquarters or at the Federal Communications Commission (FCC) offices located at 445 12th Street SW, Washington, DC 20554. USAC will provide appropriate office

space and appropriate access to its computer network for duties performed at USAC Headquarters, if necessary. Contractor shall be required to complete the USAC Visitor Form and wear a badge while on premises.

Terms of any shipping are F.O.B. USAC's delivery location unless otherwise noted in the Contract. All goods, products items, materials, etc. purchased hereunder must be packed and packaged to ensure safe delivery in accordance with recognized industry-standard commercial practices. If, in order to comply with the applicable delivery date, Contractor must ship by a more expensive means than that specified in the Contract, Contractor shall bear the increased transportation costs resulting therefrom unless the necessity for such shipment change has been caused by USAC. If any Materials are not delivered by the date specified herein, USAC reserves the right, without liability, to cancel the Contract as to any Materials not yet shipped or tendered, and to purchase substitute Materials and to charge Contractor for any loss incurred. Contractor shall notify USAC in writing promptly of any actual or potential delays (however caused) which may delay the timely performance of this Contract. If Contractor is unable to complete performance at the time specified for delivery hereunder, by reason of causes beyond Contractor's reasonable control, USAC may elect to take delivery of materials in an unfinished state and to pay

such proportion of the Contract price as the work then completed bears to the total work hereunder and to terminate this Contract without liability as to the balance of the materials covered hereunder.

XXVII. INSURANCE

At its own expense, Contractor shall maintain sufficient insurance in amounts required by law or appropriate for the industry, whichever is greater, to protect and compensate USAC from all risks and damages/injuries that may arise under the Contract, including as appropriate, public and commercial general liability, personal injury, property damage and employer's liability and worker's compensation insurance. Contractor shall produce evidence of such insurance upon request by USAC. Contractor shall provide written notice thirty (30) days prior to USAC in the event of cancellation of or material change in the policy.

XXVIII. CONFLICTS OF INTEREST

It is essential that any Contractor providing Services or Deliverables in support of USAC's administration of the USF maintain the same neutrality, both in fact and in appearance, and avoid any conflict of interest or even the appearance of a conflict of interest. For example, to the extent that Contractor, or any of its principals, has client, membership, financial and/or any other material affiliation with entities that participate in the federal USF in any respect, there may be actual, potential and/or apparent conflict(s) of interest. Contractor shall promptly notify USAC, with a copy to USAC's General Counsel, in writing of any actual or potential conflicts of interest involving Contractor, or any circumstances that give rise to the appearance of a conflict of interest, and the means by which Contractor proposes to avoid, neutralize, or mitigate such conflicts. Contractor shall also notify USAC of any conflicts Contractor has with USAC vendors. Failure to provide adequate means to avoid, neutralize or mitigate any conflict of interest may be the basis for termination of the Contract. By its execution hereof, Contractor represents and certifies that it has not paid or promised to pay a gratuity, or offered current or future employment or consultancy, to any USAC or government employee in connection with the award. In order to maintain the required neutrality, Contractor must not advocate any policy positions with respect to the USF programs or the USF during the term of the Contract. Neither Contractor nor its subcontractors shall issue any public statement relating to or in any way disclosing any aspect of the Contract without the prior written consent of USAC.

XXIX. INVALIDITY OF ANY PROVISION

It is the intent of the parties that the provisions of the Contract will be enforced to the fullest extent permissible, but that the unenforceability of any provision will not render unenforceable or impair the remainder of the Contract, which will be deemed amended, to delete or modify, as necessary, the invalid or unenforceable provisions. The parties further agree to negotiate replacement provisions for any unenforceable term that are as close as possible to the original term and to change such original term only to the extent necessary to render the same valid and enforceable.

XXX. WAIVER

Any waiver of any provision of this Contract must be in writing and signed by the parties hereto. Any waiver by either party of a breach of any provision of this Contract by the other party shall not operate or be construed as a waiver of any subsequent breach by the other party.

XXXI. SEVERABILITY

The invalidity or unenforceability of any provisions of the Contract shall not affect the validity or enforceability of any other provision of the Contract, which shall remain in full force and effect.

XXXII. CHOICE OF LAW / CONSENT TO JURISDICTION

The Contract shall be governed by and construed in accordance with the laws of the District of Columbia (the term “laws” is to be construed as broadly as possible to include case law, statutes, regulations, orders, etc.) without regard to any otherwise applicable principle of conflicts of laws. Contractor agrees that all actions or proceedings arising in connection with the Contract shall be litigated exclusively in the district and, if applicable, Federal courts located in the District of Columbia (“Courts”). This choice of venue is intended to be mandatory and the parties’ waive any right to assert forum non conveniens or similar objection to venue. Each party hereby consents to in personam jurisdiction in the Courts. Contractor must submit all claims or other disputes to the procurement specialist for informal resolution prior to initiating any action in the Courts and must work with USAC in good faith to resolve any disputed issues. A dispute over payment or performance, whether informal or in the Courts, shall not relieve Contractor of its obligation to continue performance of the Contract and Contractor shall proceed diligently with performance during any dispute over performance or payment.

XXXIII. USAC AND APPLICABLE LAWS

USAC is not a Federal agency, a government corporation, a government controlled corporation or other establishment in the Executive Branch of the United States Government. USAC is not a contractor to the Federal Government and the Contract is not a subcontract under a federal prime contract. USAC conducts its procurements in accordance with the terms of a Memorandum of Understanding with the FCC, which requires USAC and its Contractors to adhere to certain procurement-related provisions of the Code of Federal Regulations, 2 C.F.R. §§ 200.318-321, 200-323, 200.325-326 and App. II to C.F.R. Part 200 (collectively “Procurement Regulations”). Contractor shall comply with the procurement standards and all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under the Contract.

XXXIV. RIGHTS IN THE EVENT OF BANKRUPTCY

All licenses or other rights granted under or pursuant to the Contract are, and shall otherwise be deemed to be, for purposes of Section 365(n) of the United States Bankruptcy Code, or any replacement provision therefore (the “Code”), licenses to rights to “intellectual property” as defined in the Code. The parties agree that USAC, as licensee of such rights under Contractor, shall retain and may fully exercise all of its rights and elections under the Code. The parties further agree that, in the event of the commencement of bankruptcy proceedings by or against Contractor under the Code, USAC shall be entitled to retain all of its rights under the Contract and shall not, as a result of such proceedings, forfeit its rights to any Material, license, Software, Data or works made for hire.

XXXV. NON EXCLUSIVITY

Except as may be set forth in the Contract, nothing herein shall be deemed to preclude USAC from retaining the services of other persons or entities undertaking the same or similar functions as those undertaken by Contractor hereunder or from independently developing or acquiring goods or services that are similar to, or competitive with, the goods or services, as the case may be, contemplated under the Contract.

XXXVI. INDEPENDENT CONTRACTOR

Contractor acknowledges and agrees that it is an independent contractor to USAC and Contractor’s key personnel, employees, representatives, directors, officers, subcontractors and agents are not employees of USAC. USAC will not withhold or contribute to Social Security, workers’ compensation, federal or state income tax, unemployment compensation or other employee benefit programs on behalf of Contractor or Contractor personnel. Contractor shall indemnify and hold USAC harmless against any and all loss, liability, cost and expense (including attorneys’ fees) incurred by USAC as a result of USAC not withholding or making such payments. Neither Contractor nor any of Contractor’s personnel are entitled to participate in any of the employee benefit plans of, or otherwise obtain any employee benefits from, USAC. USAC has no obligation to make any payments to Contractor’s key personnel, employees, representatives, directors, officers, subcontractors and agents. Contractor shall not hold herself/himself out as an employee of USAC and Contractor has no authority to bind USAC except as expressly permitted hereunder.

XXXVII. TEMPORARY EXTENSION OF SERVICES

USAC may require continued performance of any Contract services within the limits and at the rates specified in the Contract. Except as may be set forth in the Contract, USAC may extend the services more than once, but the total extension of performance hereunder shall not exceed six (6) months. The USAC Procurement representative may exercise an option to extend by written notice to Contractor within ten (10) days prior to expiration of the then current term.

SECTION D: Instructions and Evaluation Criteria

I. GENERAL

A. CONTRACT TERMS AND CONDITIONS

The Contract awarded as a result of this RFP will be governed by, and subject to, the requirements, Terms and Conditions set forth in RFP sections A, B, C, and D and any attachments listed in section D (hereafter collectively referred to as the “Terms and Conditions”). Offeror’s submission of a proposal constitutes its agreement to the Terms and Conditions and their precedence over any other terms, requirements, or conditions proposed by Offeror.

The Offeror’s proposal may identify deviations from, or revisions, exceptions or additional terms (collectively “exceptions”) to the Terms and Conditions, but only if such exceptions are clearly identified in a separate **Attachment** to Volume II, “Exceptions to RFP Terms.” Proposals that include material exceptions to the Terms and Conditions may be considered unacceptable and render Offeror ineligible for award unless the Offeror withdraws or modifies any unacceptable exceptions prior to USAC’s selection of the successful Offeror for award. USAC will only review changes or additions to the RFP Terms and conditions that are included in Offeror’s proposal. After selection of the awardee, USAC will not consider or negotiate any exceptions to the Terms and Conditions.

B. PERIOD FOR ACCEPTANCE OF OFFERS

The Offeror agrees to hold the firm fixed price in its offer firm for 120 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

D. AMEND, REVISE OR CANCEL RFP

USAC reserves the right to amend, revise or cancel this RFP at any time at the sole discretion of USAC and no legal or other obligations are assumed by USAC by virtue of the issuance of this RFP, including payment of any proposal costs or expenses, or any commitment to procure the services sought herein.

 - b. Offerors must identify any actual or potential conflicts of interest including current USAC vendors involving the Offeror or any proposed subcontractor, or any circumstances that give rise to the appearance of a conflict of interest, and the means by which it proposes to avoid, neutralize, or mitigate such conflicts. The requirement in this Section E.V.A applies at all times until Contract execution.

- c. Offerors shall propose specific and detailed measures to avoid, neutralize, or mitigate actual, potential and/or apparent conflicts of interest raised by the affiliations and services described above. 1. A cover page, as outlined above.
2. A summary detailing Offeror's experience in addition to a brief summary of the Offeror's experience in authenticating and validating stakeholders identity information.

VI. EVALUATION

A. EVALUATION FACTORS

USAC will award a single contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to USAC, price and other factors considered. The following factors, which are listed in descending order of importance, shall be used to evaluate offers and select the awardee – technical, past performance, and price. When combined, the technical and past performance factors are significantly more important than price.

1. **Technical:** The technical sub-factors listed below in descending order of importance:
 - a. Technical Approach
 - i. The Contractor shall include information about how it will ensure that all content provided is accurate and up-to-date.
 - ii. The proposal shall include a high-level summary of anticipated challenges and potential problem areas with methods and approaches for resolution.
 - b. Experience
 - i. Experience in providing wire center boundary data for an organization requiring the ability to use the data publicly
 - ii. Other experiences of similar size and scope
 - c. Capabilities

- i. Management and human resources capabilities
 - ii. Internal quality control procedures
2. **Past Performance:** Past performance information will be evaluated to assess the risks associated with an Offeror's performance of this effort, considering the relevance, how recent the project is (no older than 3 years from the date of the solicitation), and quality of the Offeror's past performance on past or current contracts for the same or similar services. Past performances The Offeror's past performance will be evaluated based on the Offeror's discussion of its past performance for similar efforts, information obtained from past performance references (including detailed references for the Offeror's proposed teaming partner(s) and/or subcontractor(s), as applicable) and information that may be obtained from any other sources (including government databases and contracts listed in the Offeror's proposal that are not identified as references).
3. **Price Evaluation:** USAC will evaluate price based on the firm fixed unit price, listed in the Bid Sheet. Price is the least important evaluation factor and USAC may not necessarily award a Contract to the lowest priced Offeror. USAC further recognizes that the size of a company, its name-recognition, geographical offerings and the expertise/experience of staff impacts the price of the service category rates offered by the firms, thus making comparisons of differently situated firms less meaningful. Therefore, when considering rates, USAC will use the rates of similarly situated companies for reasonableness and comparison purposes. Price may become a more important selection factor if the ratings for the non-price factors are the same or very close to the same. In addition to considering the total prices of the Offerors when making the award, USAC will also evaluate whether the proposed prices are realistic (i.e., reasonably sufficient to perform the requirements) and reasonable. Proposals containing prices that are determined to be unrealistic or unreasonable will not be considered for award.

B. DOWN-SELECT PROCESS

USAC may determine that the number of proposals received in response to this RFP are too numerous to efficiently conduct a full evaluation of all evaluation factors prior to establishing a competitive range. In such case, USAC may conduct a down-select process to eliminate Offerors, prior to discussions, from further consideration based on a comparative analysis of Offerors proposals, with primary focus on the price proposal, but USAC may, in its sole discretion, consider other factors such as quality of proposal, technical capabilities and past performance. Proposals that include proposed prices that are significantly higher than the median proposed price for all Offerors may be excluded from the competition without evaluation under the other evaluation factors. Proposals that contain prices that are unrealistically low in terms of sufficiency to perform the Contract may also be excluded from the competition.

C. RESPONSIBILITY DETERMINATION

USAC will only award a contract to a responsible Offeror. USAC will make a responsibility determination based on any available information, including information submitted in an Offeror's proposal. In making a responsibility determination, USAC will consider whether:

1. the Offeror has sufficient resources to perform the Contract;
2. the Offeror has a satisfactory record of performance, integrity and business ethics;
3. the Offeror has the accounting systems and internal controls, quality assurance processes and organizational structure and experience necessary to assure that contract work will be properly performed and accurately invoiced;
4. the Offeror has the facilities, technical and personnel resources required to perform the contract; and
5. the Offeror is not excluded from Government contracting, as listed on the excluded parties list in <https://www.sam.gov>.
