SECTION A: About Us and the Work

1. ABOUT USAC

Through its administration of the Universal Service Fund (“USF”) programs on behalf of the Federal Communication Commission (“FCC”), USAC works to promote the availability of quality services at just, reasonable and affordable rates and to increase access to advanced telecommunications services throughout the nation. Specifically, through program administration, auditing, and outreach, USAC works with contributors, service providers, and program beneficiaries to achieve the program goals articulated by the FCC for each of these programs.

The FCC has reformed the USF to support further investment in and access to evolving broadband infrastructure, making the programs a primary vehicle to support this critical national priority. USAC, as the administrator of the USF, plays a critical role in supporting the ambitious vision to ensure that all citizens in the United States have access to high-speed broadband. USAC works in close partnership with the FCC and other federal and state partners to support the achievement of the USF program goals.

USAC also administers the USF programs—High Cost, Lifeline, Rural Health Care, and Schools and Libraries. USAC strives to provide efficient, responsible stewardship of the programs, a key national asset in making important telecommunications and Internet services available to consumers, health care providers, schools, and libraries throughout the United States. The program divisions are supported by additional USAC personnel in Finance, General Counsel, Information Systems, Assurance and Audit, the Enterprise Program Management Office and Human Resources.

Consistent with FCC rules, USAC does not make policy for or interpret unclear provisions of statutes or the FCC’s rules.

High Cost Program

The High Cost Program is dedicated to preserving and advancing voice and broadband service, both fixed and mobile, in rural areas of the United States. The High Cost Program ensures that rates for broadband and voice services are reasonably comparable in every region of the U.S. Like all USF programs, the administration of the High Cost Program has undergone significant modernization in the last several years to increase innovation and ensure beneficiaries have access to updated technology. USAC is leveraging the new High Cost Universal Broadband Portal (“HUBB”), which allows Carriers participating in modernized Connect America programs to file deployment data showing where they are building out mass-market, high-speed internet service by

precise location. This information includes latitude and longitude coordinates for every location where service is available, and USAC will eventually display this information on a public-facing map to show the impact of Connect America funding on broadband expansion throughout rural America.

Lifeline Program

The Lifeline Program provides a monthly discount on landline or wireless phone service to eligible low-income households. USAC works to ensure program integrity by making measurable and vital progress towards reducing program inefficiencies and waste while supporting the needs of Lifeline Program stakeholders through a detailed understanding of their challenges. To combat fraud, waste, and abuse, USAC reviews processes regularly to increase compliance, identify avenues for operational improvements, and refine program controls, such as audit processes. USAC has focused on data analytics to improve customer service and outreach approaches and increase the reach and effectiveness of the program to better serve service providers and subscribers. USAC is in the process of building the National Verifier, which will include the national Lifeline Eligibility Database to determine subscriber eligibility.

Rural Health Care (“RHC”) Program

The Rural Health Care Program supports health care facilities in bringing medical care to rural areas through increased connectivity. The RHC Program provides reduced rates for broadband and telecommunications services via the Healthcare Connect Fund Program and Telecommunications Program. These telecommunications and broadband services are necessary to support telemedicine and allow cutting edge solutions and treatments to be accessible to Americans residing in rural areas.

Schools and Libraries (“E-rate”) Program

The Schools and Libraries program helps schools and libraries obtain high-speed Internet access and telecommunications at affordable rates. Recent E-rate Modernization Reform efforts focused on broadband to and within schools and libraries to support a modern and dynamic learning environment for all students. In support of improved program outcomes, USAC is completing the E-rate Productivity Center (“EPC”) which enables electronic participation in the reformed Schools and Libraries Program. E-rate program funding helps ensure connectivity for schools and libraries across the country. USAC is investing in new tools and data analytics capabilities to support the success of the program in alignment with the FCC’s goals.

Additional information on USF programs can be found at: <http://www.usac.org/about/about/who-we-are/default.aspx>.

transportation costs resulting therefrom unless the necessity for such shipment change has been caused by USAC. If any Materials are not delivered by the date specified herein, USAC reserves the right, without liability, to cancel the Contract as to any Materials not yet shipped or tendered, and to purchase substitute Materials and to charge Contractor for any loss incurred. Contractor shall notify USAC in writing promptly of any actual or potential delays (however caused) which may delay the timely performance of this Contract. If Contractor is unable to complete performance at the time specified for delivery hereunder, by reason of causes beyond Contractor's reasonable control, USAC may elect to take delivery of materials in an unfinished state and to pay such proportion of the Contract price as the work then completed bears to the total work hereunder and to terminate this Contract without liability as to the balance of the materials covered hereunder.

For example, to the extent that Contractor, or any of its principals, has client, membership, financial and/or any other material affiliation with entities that participate in the federal USF in any respect, there may be actual, potential and/or apparent conflict(s) of interest. Contractor shall promptly notify USAC, with a copy to USAC's General Counsel, in writing of any actual or potential conflicts of interest involving Contractor, or any circumstances that give rise to the appearance of a conflict of interest, and the means by which Contractor proposes to avoid, neutralize, or mitigate such conflicts. Contractor shall also notify USAC of any conflicts Contractor has with USAC vendors. Failure to provide adequate means to avoid, neutralize or mitigate any conflict of interest may be the basis for termination of the Contract. By its execution hereof, Contractor represents and certifies that it has not paid or promised to pay a gratuity, or offered current or future employment or consultancy, to any USAC or government employee in connection with the award. In order to maintain the required neutrality, Contractor must not advocate any policy positions with respect to the USF programs or the USF during the term of the Contract. Neither Contractor nor its subcontractors shall issue any public statement relating to or in any way disclosing any aspect of the Contract without the prior written consent of USAC.

XXIX. INVALIDITY OF ANY PROVISION

It is the intent of the parties that the provisions of the Contract will be enforced to the fullest extent permissible, but that the unenforceability of any provision will not render unenforceable or impair the remainder of the Contract, which will be deemed amended, to delete or modify, as necessary, the invalid or unenforceable provisions. The parties further agree to negotiate replacement provisions for any unenforceable term that are as close as possible to the original term and to change such original term only to the extent necessary to render the same valid and enforceable.

XXXII. CHOICE OF LAW / CONSENT TO JURISDICTION

The Contract shall be governed by and construed in accordance with the laws of the District of Columbia (the term “laws” is to be construed as broadly as possible to include case law, statutes, regulations, orders, etc.) without regard to any otherwise applicable principle of conflicts of laws. Contractor agrees that all actions or proceedings arising in connection with the Contract shall be litigated exclusively in the district and, if applicable, Federal courts located in the District of Columbia (“Courts”). This choice of venue is intended to be mandatory and the parties’ waive any right to assert forum non conveniens or similar objection to venue. Each party hereby consents to in personam jurisdiction in the Courts. Contractor must submit all claims or other disputes to the procurement specialist for informal resolution prior to initiating any action in the Courts and must work with USAC in good faith to resolve any disputed issues. A dispute over payment or performance, whether informal or in the Courts, shall not relieve Contractor of its obligation to continue performance of the Contract and Contractor shall proceed diligently with performance during any dispute over performance or payment.

XXXIII. USAC AND APPLICABLE LAWS

USAC is not a Federal agency, a government corporation, a government controlled corporation or other establishment in the Executive Branch of the United States Government. The parties further agree that, in the event of the commencement of bankruptcy proceedings by or against Contractor under the Code, USAC shall be entitled to retain all of its rights under the Contract and shall not, as a result of such proceedings, forfeit its rights to any Material, license, Software, Data or works made for hire.

XXXV. NON EXCLUSIVITY

Except as may be set forth in the Contract, nothing herein shall be deemed to preclude USAC from retaining the services of other persons or entities undertaking the same or similar functions as those undertaken by Contractor hereunder or from independently developing or acquiring goods or services that are similar to, or competitive with, the goods or services, as the case may be, contemplated under the Contract.

XXXVI. INDEPENDENT CONTRACTOR

USAC will not withhold or contribute to Social Security, workers’ compensation, federal or state income tax, unemployment compensation or other employee benefit programs on behalf of Contractor or Contractor personnel. Contractor shall indemnify and hold USAC harmless against any and all loss, liability, cost and expense (including attorneys’ fees) incurred by USAC as a result of USAC not withholding or making such payments. Neither Contractor nor any of Contractor’s personnel are entitled to participate in any of the employee benefit plans of, or otherwise obtain any employee benefits from, USAC. The Contract awarded as a result of this RFP will be governed by, and subject to, the requirements, Terms and Conditions set forth in RFP sections A, B, C, and D and any attachments listed in section D (hereafter collectively referred to as the “Terms and Conditions”). Offeror’s submission of a proposal constitutes its agreement to the Terms and Conditions and their precedence over any other terms, requirements, or conditions proposed by Offeror.

The Offeror’s proposal may identify deviations from, or revisions, exceptions or additional terms (collectively “exceptions”) to the Terms and Conditions, but only if such exceptions are clearly identified in a separate section within each proposal volume entitled “Exceptions to RFP Terms.” Proposals that include material exceptions to the Terms and Conditions may be considered unacceptable and render Offeror ineligible for award unless the Offeror withdraws or modifies any unacceptable exceptions prior to USAC’s selection of the successful Offeror for award. USAC will only consider changes or additions to the RFP Terms and conditions that are included in Offeror’s proposal. After selection of the awardee, USAC will not consider or negotiate any exceptions to the Terms and Conditions.

B. PERIOD FOR ACCEPTANCE OF OFFERS

Offeror proposal shall remain valid for 120 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

Any offer, modification, revision, or withdrawal of an offer received at the USAC office designated in the solicitation after the Proposal Due Date and Time is "late" and will not be considered by USAC, unless USAC determines, in its sole discretion, that: (1) circumstances beyond the control of Offeror prevented timely submission, (2) consideration of the offer is in the best interest of USAC, or (3) the offer is the only proposal received by USAC.

D. AMEND, REVISE OR CANCEL RFP

USAC reserves the right to amend, revise or cancel this RFP at any time at the sole discretion of USAC and no legal or other obligations are assumed by USAC by virtue of the issuance of this RFP, including payment of any proposal costs or expenses, or any commitment to procure the services sought herein.

II. CONTRACT AWARD

Offerors must strictly avoid any conflict of interest or even the appearance of a conflict of interest, unless USAC has otherwise approved an acceptable mitigation plan.
 - b. Offerors must identify any actual or potential conflicts of interest involving the Offeror

- or any proposed subcontractor, or any circumstances that give rise to the appearance of a conflict of interest, and the means by which it proposes to avoid, neutralize, or mitigate such conflicts. If USAC determines that Offeror's proposed mitigation plan does not adequately avoid, neutralize or mitigate any actual or potential conflict of interest, or the appearance of a conflict of interest, Offeror will not be eligible for award of a contract.
 - e. All Offerors are advised that this RFP and any resulting contract is subject to the terms of the Confidentiality Agreement contained in this RFP as **Attachment 3**. This Confidentiality Agreement must be executed and submitted along with any bid/proposal for this RFP.

Technical proposals that merely repeat the requirements set forth in the RFP and state that Contractor “will perform the statement of work” or similar verbiage will be considered technically unacceptable and will not receive further consideration. USAC is interested only in proposals that demonstrate the Contractor’s expertise in performing engagements of this type as illustrated by the Offeror’s description of how it proposes to perform the requirements set forth in this RFP.

If applicable, describe how subcontractors or partners are used and how rates are determined when using subcontractors. Provide a list of firms, if any, that will be used.

Offerors shall describe in detail their plan for recruiting individuals to fill the position(s) identified in Section B.IX. in a timely manner. USAC will attempt to contact past performance references identified in the proposal for confirmation of the information contained in the proposal and/or will transmit a past performance questionnaire to the contacts identified in the Offeror's proposals. Although USAC will follow-up with the contacts, the Offeror, not USAC, is responsible for ensuring that the questionnaire is completed and returned by the specified date in USAC's transmittal. If USAC is unable to reach or obtain a reference for the project, USAC may not consider the contract in an evaluation of past performance.

VII. EVALUATION

A. EVALUATION FACTORS

USAC will award multiple contracts resulting from this solicitation to the responsible Offerors whose offers conforming to the solicitation will be most advantageous to USAC, price and other factors considered. The following factors, which are listed in descending order of importance, shall be used to compare offers and select the awardees – technical, past performance, and price. When combined, the technical and past performance factors are significantly more important than price.

1. Technical: The technical sub-factors listed below in descending order of importance:
 - a. Technical Approach (Recruiting Methods and Capabilities)
 - b. Experience
 - c. Key Personnel

2. **Past Performance:** Past performance information will be evaluated to assess the risks associated with an Offeror's performance of this effort, considering the relevance, recency and quality of the Offeror's past performance on past or current contracts for the same or similar services. The Offeror's past performance will be evaluated based on the Offeror's discussion of its past performance for similar efforts, information obtained from past performance references (including detailed references for the Offeror's proposed teaming partner(s) and/or subcontractor(s), as applicable) and information that may be obtained from any other sources (including government databases and contracts listed in the Offeror's proposal that are not identified as references).
3. **Price Evaluation:** USAC will evaluate price based on each individual labor category, in the Bid Sheet. Price is the least important evaluation factor and USAC may not award a Contract to the lowest priced Offeror. USAC further recognizes that the size of a company, its name-recognition, geographical offerings and the expertise/experience of staff impacts the price of the hourly labor rates offered by the firms, thus making comparisons of differently situated firms less meaningful. Therefore, when considering rates, USAC will use the rates of similarly situated companies for reasonableness and comparison purposes. Price may become a more important selection factor if the ratings for the non-price factors are the same or very close to the same. In addition to considering the total prices of the Offerors when making the award, USAC will also evaluate whether the proposed prices are realistic (i.e., reasonably sufficient to perform the requirements) and reasonable. Proposals containing prices that are determined to be unrealistic or unreasonable will not be considered for award.

B. DOWN-SELECT PROCESS

USAC may determine that the number of proposals received in response to this RFP (for one or any number of Service Category) are too numerous to efficiently conduct a full evaluation of all evaluation factors prior to establishing a competitive range. In such case, USAC may conduct a down-select process to eliminate Offerors, prior to discussions, from further consideration based on a comparative analysis of Offerors proposals, with primary focus on the price proposal, but USAC may, in its sole discretion, consider other factors such as quality of proposal, technical capabilities and past performance. Proposals that include proposed prices that are significantly higher than the median proposed price for all Offerors may be excluded from the competition without evaluation under the other evaluation factors.

Proposals that contain prices that are unrealistically low in terms of sufficiency to perform the Contract may also be excluded from the competition.

C. RESPONSIBILITY DETERMINATION

USAC will only award contracts to responsible Offerors. USAC will make a responsibility determination based on any available information, including information submitted in an Offeror's proposal. In making a responsibility determination, USAC will consider whether:

1. the Offeror has sufficient resources to perform the Contract;
2. the Offeror has a satisfactory record of performance, integrity and business ethics;
3. the Offeror has the accounting systems and internal controls, quality assurance processes and organizational structure and experience necessary to assure that contract work will be properly performed and accurately invoiced;
4. the Offeror has the facilities, technical and personnel resources required to perform the contract; and
5. the Offeror is not excluded from Government contracting, as listed on the excluded parties list in <https://www.sam.gov>.
