- If more than one household resides at an address, consumers can complete an Independent Economic Household worksheet to show eligibility for the EBB Program
- If one member of the household is eligible, the household can receive EBB Program benefits

Households that are eligible for the Emergency Broadband Benefit and Lifeline may apply for and receive both benefits
Eligible Households – Benefit Qualifying Person

• Households can qualify for the EBB program through an eligible child or dependent (Benefit Qualifying Person or BQP)
  • For example, a household member with a child or dependent who is approved for the free and reduced-price school lunch program or school breakfast program or who attends a Community Eligible Provision school, is eligible for the EBB Program

• The application should be completed by an adult member of the household, identifying the child or dependent as the BQP

• Children under the age 18 are not eligible to apply for the EBB Program themselves unless the government has declared them an Emancipated Minor
Eligible Households – Additional Information

- Households that qualify for Lifeline and the Emergency Broadband Benefit can receive both discounts
- Households can choose to apply the Emergency Broadband Benefit and Lifeline to the same service, or different services (including services with different providers)
