ACAM I/ Revised ACAM I/ACAM II/EACAM	Alternative Connect America Cost Model/(Revised ACAM)/Enhanced ACAM: A High Cost fund in which rate-of-return carriers elected to receive support based on a cost model in exchange for meeting defined broadband build-out obligations. The FCC created a model based on the Connect America Fund Model to establish fixed support for rate-of-return carriers. Carriers are receiving support under one of three offers—ACAM I, Revised ACAM I, or ACAM. The FCC released the newest iteration of ACAM, Enhanced ACAM, to further facilitate widespread broadband deployment at speeds of at least 100/20 Mbps across eligible rate-of-return carriers' service areas by the end of 2028.
ACS	Alaska Communications System receives frozen support over a 10-year term in exchange for defined deployment obligations.
AK Plan	Alaska Plan: Support over a 10-year term, for fixed and mobile service, to maintain, extend, and upgrade broadband service across certain areas of Alaska. Fifteen rate-of-return carriers and eight of their wireless affiliates elected to be on the Alaska Plan.
AAD	Audit and Assurance Division: An organization within USAC dedicated to preserving the integrity of universal service funds and USAC's corporate resources by conducting objective audits, performing payment quality assessments, and evaluating the efficiency and effectiveness of USAC's operations.

CAF II Auction	Mechanism awarding support through a reverse auction, which was conducted in 2018, for deployment to unserved areas where the price cap carrier declined the offer of model-based support.
CAF BLS	Connect America Fund Broadband Loop Support: FCC amended interstate common line support, renaming it the CAF BLS mechanism, expanding support from solely traditional voice loops to include support for broadband-only loops.
CAF ICC	Connect America Fund Intercarrier Compensation Fund: FCC-created High Cost program that allows incumbent local exchange carriers to charge residential customers an Access Recovery Charge on a limited basis, to recover charges from certain multi-line business customers, and, if applicable, to receive additional funds.

Appendix C: Glossary of Terms (Continued)

Term	Definition
CAF Map	Connect America Fund Broadband Map displays the geographic areas that are eligible for CAF support, as well as the specific fixed locations where carriers participating in the program have built out broadband service. The data in the map include address, latitude and longitude coordinates, carrier name, deployment year, and available speed meeting FCC obligations.
ETC	Eligible Telecommunications Carrier: A telecommunications carrier designated by a state's utility commission or the FCC to receive universal service support; a ETC must offer services that are supported by the federal universal service programs utilizing its own facilities or a combination of its own facilities and resale of another carrier's services.
ELAP	Eligible Locations Adjustment Process: WCB implemented an eligible locations adjustment process to review the defined deployment obligations for CAF II Auction carriers on a state-by-state basis when the total number of actual locations in the eligible areas is less than the number of funded locations (see DA 19-1165).
FCC Form 481	Form that annually collects financial and operations information used to validate carrier support and fulfills various certification requirements.
