Rural Health Care Business Update
Q1 2019 Update on Rural Health Care Administration

Overall Summary for Q1 2019:

The Rural Health Care (RHC) Division had a very strong first quarter, which focused on program integrity, operational efficiency, and outreach. In the program integrity area, all Corrective Action Plans are now within the 90 day target for completion, and 32 appeals were adjudicated while 66 new appeals were received. The new appeals were driven by operational performance, specifically, the program operations team completed the reviews for all workable funding requests for the Healthcare Connect Fund and Telecommunications programs over a period of less than five months. The team has also completed the first iteration of RHC's knowledge management framework, and will continue to refine it this year. As part of our outreach, we conducted multiple webinars and outreach activities to prepare for the opening of the Funding Year (FY) 2019 application filing window.

In the second quarter, the focus will be on starting a systems assessment, rolling out significant website updates, continuing to issue funding commitments, posting RHC data to the open data platform, working with the Audit and Assurance Division on the Payment Quality Assurance testing, and closing the FY2019 application filing window.

RHC Program Updates & Accomplishments:

- *Operations* – RHC Operations completed all workable FY2017 funding request decisions in Q1.
- *Operations* – RHC Operations completed all workable FY2018 funding request decisions in Q1.
- 2019 Systems Roadmap – RHC/IT is currently 3-4 weeks ahead of schedule for its maintenance work on My Portal. The team is also ahead of schedule for planned enhancements to the Third-Party Authorizations (TPA) and Letters of Authorization management features, which will be rolled out this year.
- *Appeals* – RHC received a total of 70 new appeals in Q1 2019, and adjudicated 32 appeals. RHC is on track to resolve appeals submitted in calendar year 2018 (79 appeals) by Q3 2019.
- *Eligibility* – RHC validated that all HCPs with funding commitments for FY2018 that required them had current and valid TPAs before their funding commitment letters were issued. This included reviews for more than 2,609 HCPs.
- *Knowledge Management* – RHC has completed the framework and populated the system with draft documents.

- *Stakeholder Engagement Webinar* – We held a webinar with stakeholders who expressed interest in giving RHC feedback. RHC asked for specific input on training content and resources that stakeholders would like to see. This will help inform upcoming trainings and future planning.
- *Funding Request Webinar* – RHC finished its winter training series with a training on submitting FCC Forms 462 and 466. The team received an overall satisfaction score of 4.22/5, making our overall average score for the winter training series a 4.32/5!
- *Conference Attendance* – RHC outreach team members attended the Heartland Telehealth Resource Center conference in Jefferson City, MO and Mid-Atlantic Telehealth Resource Center conference in Williamsburg, VA to exhibit the RHC Program and gather participant feedback. We held feedback sessions with mixed results due to the small turnout and logistical challenges.

Planned Activities for Q2 2019:

- *FY2017 and 2018 Funding Requests* – As non-workable funding requests remaining from FY2017 and FY2018 become workable, they will be advanced through the review process.
- *FY2019 Funding Requests* – FY2019 application filing window closes on May 31, 2019, and processing of FY2019 funding requests will begin soon thereafter.
- *RHC De-commitments* – Finalize process and timeline to resolve backlog of RHC de-commitments in RHC systems and establish a new process going forward. The process is currently undergoing RHC and Finance review.
- *Knowledge Management* – RHC will reformat and update all funding request procedure documents. We have met with the Schools and Libraries Division and the Enterprise Program Management Office to discuss the format and lessons learned that we can incorporate into this effort.
- *Employee Engagement* – RHC’s management team has developed a draft management action plan for 2019 and is working with the Workforce Engagement (WE) Team to finalize the plan and begin executing.
- *Website Updates* – RHC will be updating several pages on the RHC website, along with the navigation, to make resources more intuitive and accessible.
