

E-Rate Open Data Course 1: Open Data Overview September 28, 2023

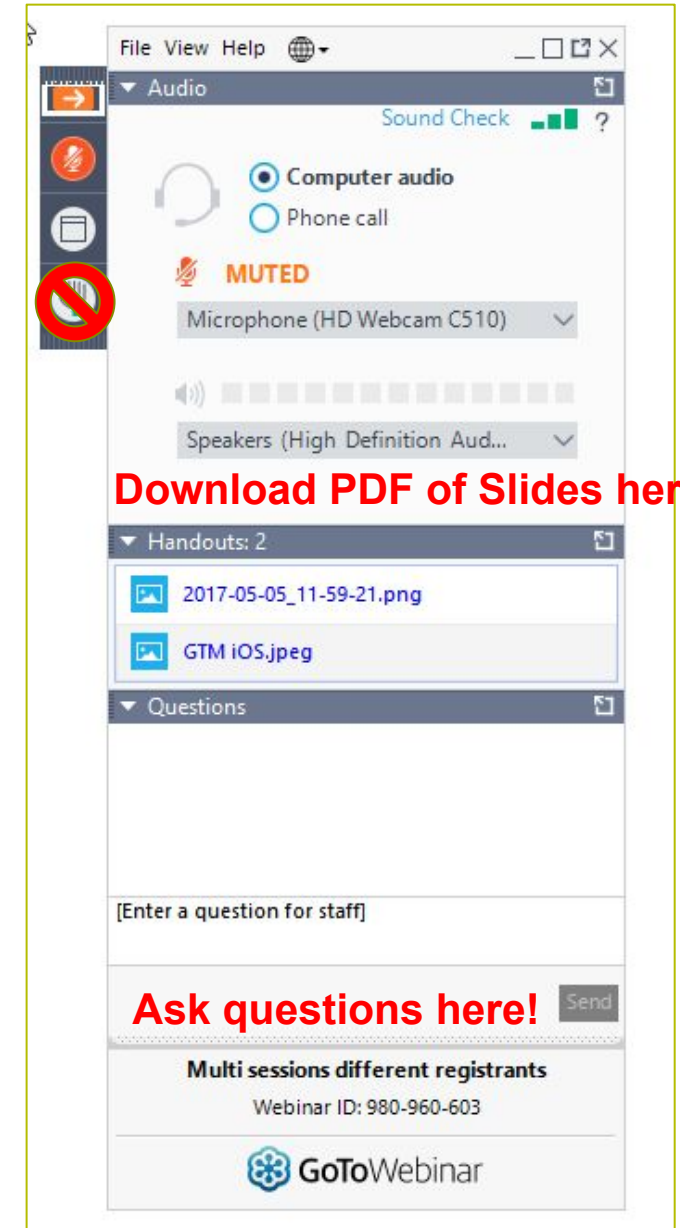

Universal Service
Administrative Co.

Disclaimer

To accommodate all attendees, real-time closed captions will be present during this presentation. We apologize in advance for any transcription errors or distractions. Thank you for your support.

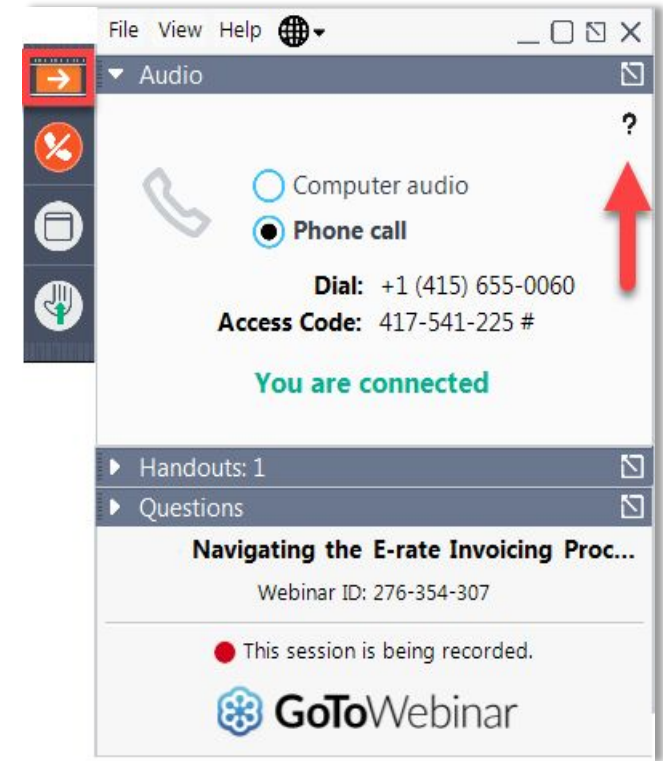

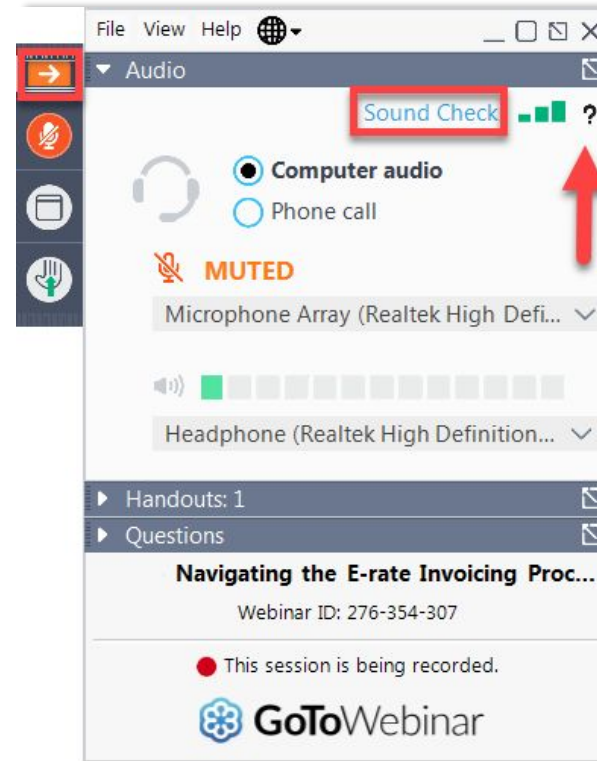

Housekeeping

- Audio is available through your computer's speakers.
- The audience will remain on mute.
- Enter questions at any time using the **“Questions”** box.
- If your audio or slides freeze, restart the webinar.
- A copy of the slide deck is in the **“Handouts”** section of webinar panel.

Housekeeping – Technical Issues

- Use the **Sound Check** link and click question mark icon for audio help.
- Exit webinar and click the check system requirements link in the event confirmation email to determine whether your computer meets the requirements to see and hear the webinar.
- If issues persist, call 833-851-8340 to troubleshoot with GoToWebinar.

Housekeeping Q & A

- **There will be a live Q&A session focused on today's topics.**
- Tips for submitting questions:
 - Use the **Questions** box in your webinar control panel anytime during the presentation.
 - Click the box with the arrow above the questions box to expand it and see all written answers.
 - Write in full sentences.
 - Ask one question at a time.
 - Ask questions related to webinar content.

E-Rate Customer Service Center (CSC)

Call us at (888) 203-8100

Monday – Friday 8 a.m. to 8 p.m. ET

**Create a customer service case in the
E-Rate Productivity Center (EPC):**

1. Log in to EPC.
2. Select the **Contact Us** link from the upper right menu on the landing page.

What we will cover

Open Data introduction

Learn to navigate the open data platform

Explain the various open data sets and tools available

Search for tools

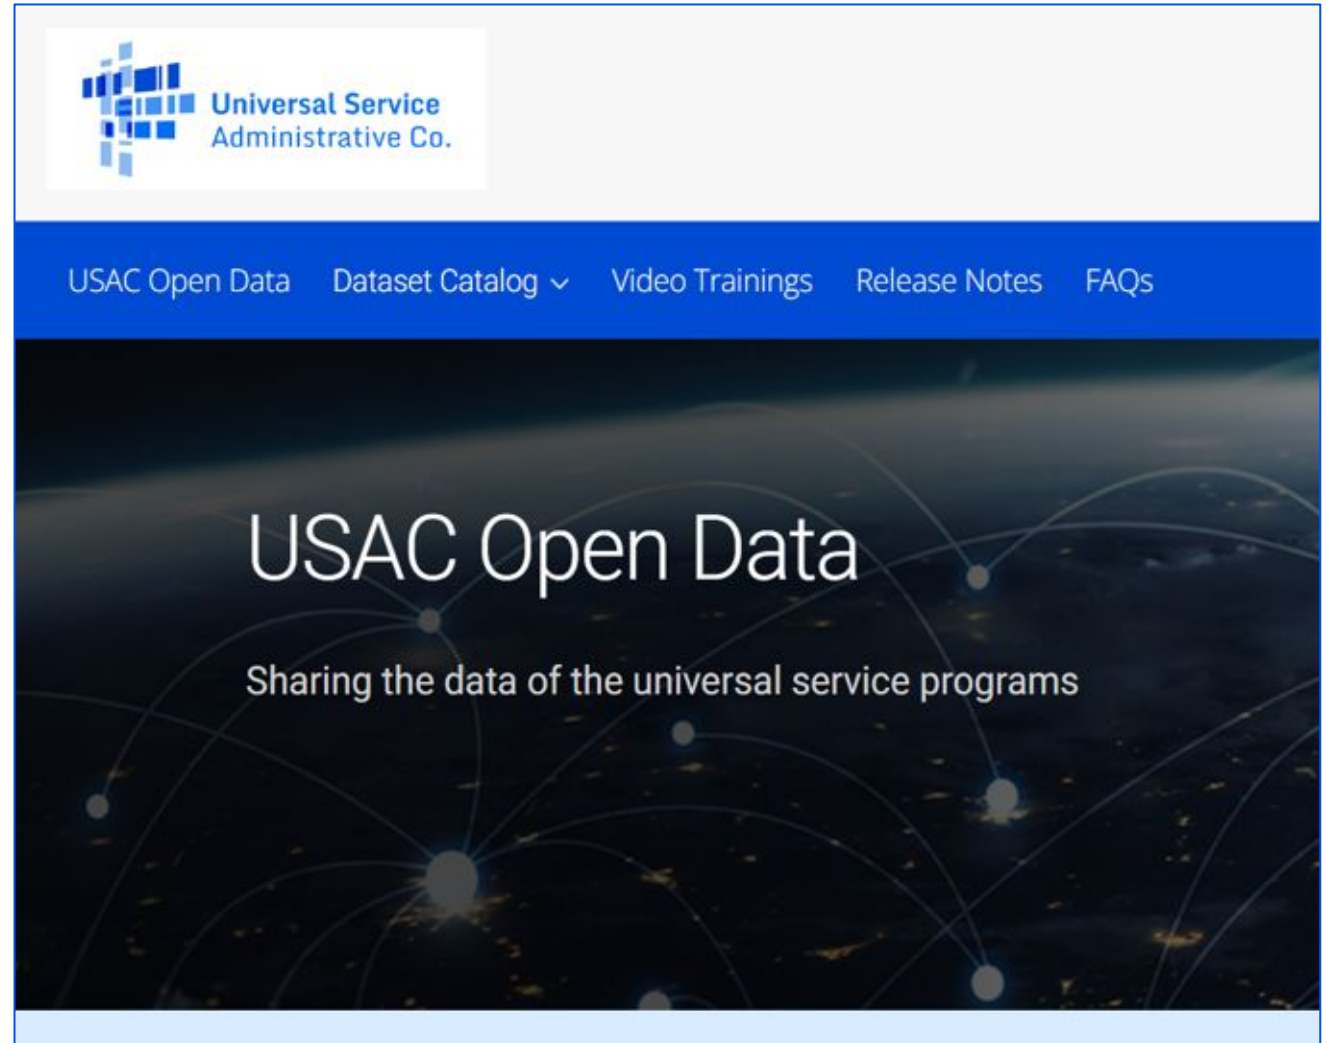

Walk through a tool use case

Review additional resources

What is Open Data?

- USAC's Open Data is a web portal where you can access:
 - Raw data submitted by universal service program participants
 - Self-service tools connected to USAC data
- As part of USAC's Open Data initiative, we make this data open and accessible to the general public.
 - Anyone is free to use, re-use, and redistribute the data in our datasets

What is it for?

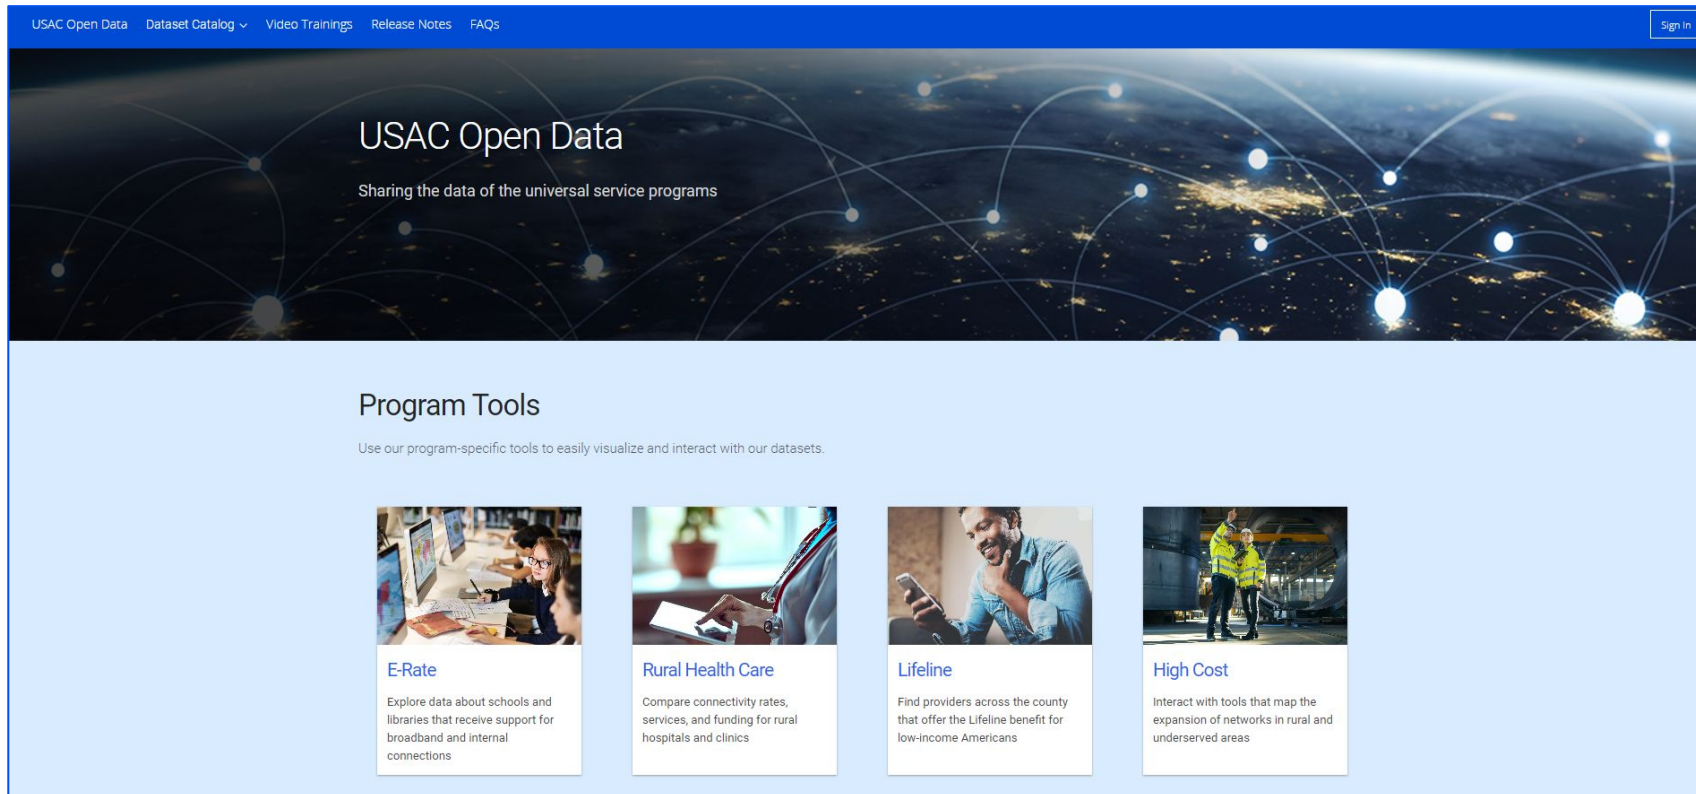

- Make universal service fund program data available to the public in an equitable and reliable way
- Provide transparency, visibility, and self-service in a highly secure platform
- Help stakeholders answer universal service fund program questions using the available data

How does Open Data accomplish this for E-Rate?

- Provides E-Rate data related to:
 - FCC Form 470 (competitive bidding)
 - FCC Form 471 (request for discount on services and funding commitments)
 - FCC Forms 472/474 (reimbursements)
 - Category 2 FY2021+ budgets
 - E-Rate Productivity Center (EPC) related data
- Allows searching large datasets of aggregated E-Rate information using a variety of filters
- Allows creating customized reports and visualizations
- Provides data export options in multiple formats including Excel

How to access Open Data

Access USAC Open Data Website: <https://opendata.usac.org/>

Datasets and tools

Program Tools

Use our program-specific tools to easily visualize and interact with our datasets.

These tools provide access to public E-Rate Program data including commitments and disbursements. For the full catalog of datasets, see [E-Rate Datasets](#), which includes data from [FCC Forms 470](#), [FCC Forms 471](#), and information about [entities](#), [consultants](#), and [annexes](#).

Featured Tools

[E-Rate FRN Status Tool FY2016+](#)

The E-rate FRN Status Tool FY2016+ provides the latest funding request number (FRN) data including: applicant/BEN data; service provider data; FRN status; service type; service start and end dates; FRN costs and funding amounts; FCC Form 473 - Service Provider Annual Certification (SPAC) status; applicant FCC Form 498 status, application pending reasons; FCC Form 486 status; wave date; Funding Commitment Decision Letter (FCDL) comments; last post commitment/appeal wave data; service delivery and invoice deadlines; invoicing mode; and total disbursement amount. Each row in the data set is for a single FRN.

Watch the [video walkthrough](#) to learn how to use the tool.

[E-Rate FRN Invoice Deadline Tool](#)

The E-Rate FRN Invoice Deadline Tool provides users with the ability to search, view, and download funding request number (FRN) data related to invoicing including the invoice deadline data, funds remaining for invoicing

Instructions

Use the filters on the right to select your data. You must select 'Apply' to activate...

Bar chart showing Funding Commitment Request (blue) and Total Disbursement Amount (green) from 2018 to 2023. The x-axis ranges from \$0 to \$2B.

Instructions

E-rate Request for Discount on Services: Funding Request Number Status

FCC Form 471 and Related Information Dataset Glossary

This dataset contains data about the Funding Request Number (FRN) listed within each FCC Form 471, along with related information on the Funding Commitment Decision Letter (FCDL), wave information, the FCC Form 486, invoicing, and disbursements.

Use this dataset to answer questions such as:

- What are the individual service types?
- What quantity of service did the applicant request?
- Which service provider is supplying service and what is the length of the contract?
- What invoicing mode is being used?
- How much funding has been disbursed?

The information within the FRN information data collection from the FCC Form 471 is self-reported by applicants.

USAC is committed to sharing the highest quality data possible. We conduct a full analysis of all datasets to determine if they are complete prior to publishing. Each dataset field is described with a "field completeness" metric that ranges from 0 to 100 percent. Any value less than 100 percent indicates a field with missing values. In most cases, missing values are the result of "not required" fields.

Field Name	Field Description	Field Completeness
Application Number	Unique application number generated at the time applicants begin to file the FCC Form 471. Applicants can request funding for multiple services under the same application number. The unique application number begins with the last two digits of the funding year. This field is available in each dataset allowing for quick access of data from each of the seven FCC Form 471 data collections, at the application level. The application number is limited to customizing and creating visualizations of data to each of the seven FCC	100%

UPCOMING WEBINARS

Our next webinar is on:
10/03/23 at 2 p.m. ET

**Topic: 2023 Fall Training E-Rate
Program Overview**

Recommended for: Applicants
and Service Providers

E-Rate Experience Level: All

The screenshot shows a web page with a sidebar on the left and a main content area on the right. The sidebar has a 'Learn' header and a list of links: 'E-Learning Modules', 'Videos', 'Webinars' (highlighted with a yellow bar), 'Regional Trainings', 'Tribal Training', 'EPC/BEAR Training Sites', and 'FAQs'. The main content area has a 'Webinars' header. Below it, there is a paragraph about USAC providing live training webinars. Another paragraph explains that during each webinar, the audience can participate in a live Q&A session. Below this is a section titled 'Equipment and Set-Up' with a list of requirements: a system requirements link, a 'check system requirements' link, a computer or mobile device with internet, and instructions on how to listen to the audio. At the bottom, there is a paragraph about selecting a webinar to register for and receiving a confirmation email.

Learn

- E-Learning Modules
- Videos
- Webinars**
- Regional Trainings
- Tribal Training
- EPC/BEAR Training Sites
- FAQs

Webinars

Join USAC for our live training webinars provided throughout the year for Schools and Libraries (E-rate) Program participants. We will share program updates and essential guidance to help participants learn about and successfully navigate the program.

During each webinar, the audience will have the opportunity to take part in a live question and answer session with members of the E-rate Program team when we will answer questions on the webinar topic.

Equipment and Set-Up

To participate, you'll need:

- To meet the [system requirements for attendees](#),
 - Click the ["check system requirements"](#) link to determine whether your computer meets the requirements to see and hear the webinar.
- A computer or mobile device with an internet connection.
- You can listen the webinar audio using your computer speakers or headset, or by calling in using the number provided in your confirmation email.

Select a webinar below to register. After registering, you will receive a confirmation email with information about the event. You can add a calendar reminder from the registration confirmation page or event confirmation email by clicking "Add to Calendar."

Go to the E-Rate [**Webinars**](#) page for additional information.

Take Our Survey

- We want to hear about your webinar experience.
- A survey will appear on your screen at the end of the webinar.
- If you are not able to complete the survey today, one will be emailed to you within one to two business days.
- We appreciate your feedback!

Thank You!

**Universal Service
Administrative Co.**

Key Terms

Term	Definition
Dataset	A set of numbers or values that relate to a specific topic
Tool	A user-friendly interface that facilitates viewing or exporting data from datasets
Raw data	Data that has not been altered or processed for use
Self-service	A system of serving oneself without needing assistance from another person
Open Data Assets	Any object within Open Data including datasets and tools

Key Terms

Term	Definition
Open Data Assets	Any object within Open Data including datasets and tools
Use case	When or why someone would utilize a process
Aggregated	Grouped numbers or values
Filter	Feature to remove unwanted information, leaving the user with only the information they want to view
API	An application programming interface (API) allows two applications to communicate with each other usually via code written in a programming language
