Dear Tribal Stakeholder,

The E-rate Program recently hosted a two-part Tribal Training Webinar Series on [FCC Form 470](#) and [FCC Form 471](#). Based on the feedback and questions from our Tribal stakeholders during those sessions, the E-rate Program will offer a special teleconference during our regularly scheduled time to discuss [contracts](#), the [FY2020 Category Two \(C2\) Budget Tool](#), and answer any questions participants have about selecting a service provider and filing the FCC Form 471.

We also recommend that you view the online Application Process training module to learn more about the bid evaluation process and selecting a service provider. The training module is offered for E-rate [beginners](#) and more [advanced](#) participants.
