## About the FCC Form 481 and 54.314 Certification Filing System

This user guide demonstrates how Tribal government officials can access and navigate the 54.314 Certification Filing System in [E-File](#) to download and view the annual Form 481 filings submitted by eligible telecommunications carriers (ETCs) that serve their Tribal jurisdictions with support from the Federal Communications Commission (FCC) Universal Service Fund (USF) High Cost program.

The [FCC Form 481](#) collects financial and operational information used to validate carrier support, fulfilling the [annual 54.313 reporting requirement](#) for High Cost funding recipients. This includes information about a carrier's holding company, operating companies, affiliates and branding designations (doing-business-as or DBA); ability to function in emergency situations; terrestrial backhaul; Tribal lands engagement; and comparability of voice and broadband service rates in rural and urban areas.

USAC provides federally recognized Tribes with access to the Form 481 data for carriers that serve their lands through the 54.314 system, which is the same system that state utility commissions use to access the data and to certify that carriers under their jurisdiction are eligible to participate in the High Cost program. The 54.314 system allows Tribal officials to download a zip file containing a copy of the most recent certified Form 481 filing and related attachments for carriers that serve their communities by individual Study Area Code (SAC).

**Note:** Carriers are no longer required to file the FCC Form 481 separately with Tribal or state governments.

## Prepare to Access the 54.314 Certification Filing System

- Use Google Chrome (highly recommended), Firefox, or Edge when accessing the FCC Form 481 submissions.
  - Screenshots will vary slightly from browser to browser.
  - Users may encounter compatibility issues when using newer versions of Internet Explorer.
- When navigating between screens, do not use the browser's back and forward arrows as this will result in exiting the system. Use the buttons within the 54.314 system to navigate within and exit the system.
- If experiencing any issues with the 54.314 system, please restart the browser or delete internet cookies after logging out.

## Create a User Profile

Tribal governments may designate officials to be granted entitlements to access the 54.314 Certification Filing System. To gain access to the FCC Forms 481 submitted by service providers that serve Tribal lands, Tribal representatives must complete the [Online Filing Request Form](#). Users can also receive a copy of the form by sending a request via email to [hcquestions@usac.org](mailto:hcquestions@usac.org).

The Tribal representative must send the completed form to [hcquestions@usac.org](mailto:hcquestions@usac.org). Requestors will receive an email response from USAC containing a user ID and temporary password to allow access to the 54.314 Certification System. The user ID will match the email address provided in the Online Filing Request Form.

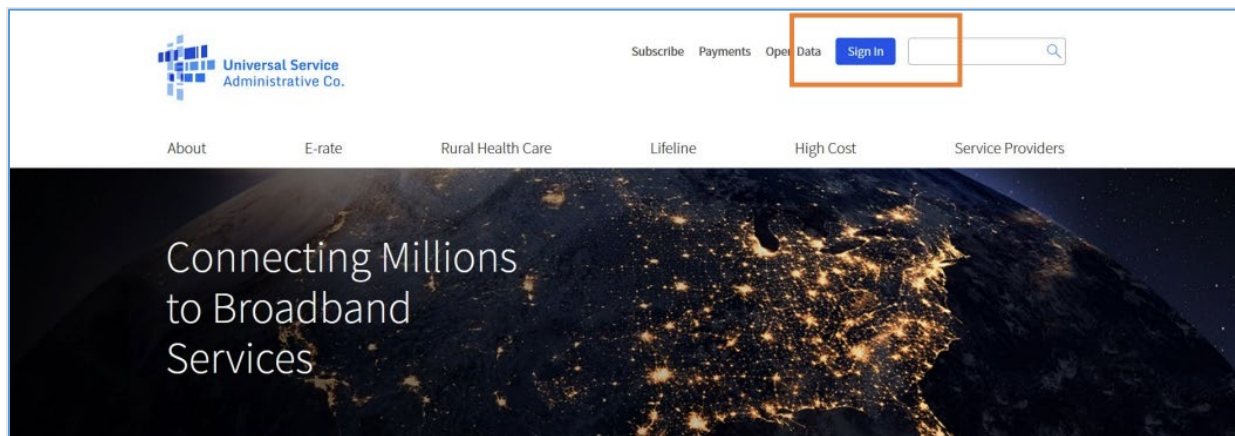

The form requires the following fields to be completed by a Tribal representative:

- Date of request
- First and Last name
- Title
- Phone number
- Email (**Note:** this email address will serve as a user ID. It is best to use an email that will not change over time.)
- Tribe name
- State(s)
- Carrier(s) (service providers) name(s), if known
- Carrier(s) Study Area Code (SAC), if known
- Requestor signature (signature of the Tribal representative named in the document)

## Access the 54.314 Certification System

Once granted access, the Tribal government representative can log in to the 54.314 Certification Filing System and view FCC Form 481 data filed by the carriers serving their respective Tribal land. Follow the steps below to access the system.

1. Visit USAC's website at [usac.org](https://usac.org) and click the blue **Sign In** button in the upper right corner of the homepage.

2. **First-time One Portal users will** see a pop-up addressing EPC and BEAR Form filers. Click the blue **Continue** button on the bottom right corner to proceed.

ACP Program providers, ACP Pilot Program Applicants, EPC users and BEAR Form filers: If this is your first time logging in to One Portal, please read this information carefully. Also, for returning ACP Pilot Program Applicants, due to a recent system issue, you may need to reset your password in order to log in. If your existing password doesn't work, click "Forgot Password" to reset.

USAC has added multifactor authentication (MFA) to increase the security of our Universal Service Fund (USF) IT applications. The first time you sign into an application, the system will prompt you to set up MFA for your account. To do this:

1. Click the blue **Continue** button below.
2. Click the **Forgot Password** link.
3. Enter your Username (your email address) and click **Reset via Email**.
4. When you receive the email, click the link to create a password. Your password must be at least eight characters long and include one lowercase letter, one uppercase letter, one number, and one special character.
5. Accept the system's terms of use and click **Sign In**.
6. On the next page, confirm the email associated with your account and click **Send Email**.
7. Check your email for a verification code.
8. Enter the code and click **Verify**.

After logging in, you will see USAC's new single portal application dashboard if you have access to more than one application. On this page you can access all of the USF applications associated with your log in. This means users no longer have to sign into multiple applications to interact with different USF programs.

From the dashboard, you can visit the "Settings" page to add a cell phone number to your account. This will allow you to receive verification codes via either email or text message when you log in in the future.

To learn more about USAC's MFA and to find a list of all USF IT applications included in the single portal, visit [USAC's website](#). If you cannot access the email associated with your account and need to set up a new log in, please contact your organization's USF administrator. If you need to reset your password, click the "forgot password" link. More detailed instructions are available in [this video](#).

**Continue**

3. The next screen is a pop-up containing the Terms and Conditions for access to and use of USAC Online Services. To accept the terms and conditions, click the blue **Accept and Agree** button located at the bottom right corner. Users can print the terms and conditions or reject them. If **Reject** is selected, the user is directed back to the login screen.

## Working With Excel

Users may copy SACs included in lists from the 54.314 system and paste them into an Excel spreadsheet. To do so, follow the below procedures.

1. Highlight the screen from just above the table through the final column of the last row to copy, as shown below. After highlighting, right click and select **Copy**.

**FORM 481 ACCESS TOOL FOR TRIBAL REPRESENTATIVES**

Click the link provided in the **Download 481 Filings** column to download the latest certified 481 filing. 481 filings for prior years are not available. Filing Year: 2023

2. Right click into an Excel spreadsheet. Under **Paste Options** select **Match Destination Formatting**. Do **not** select **Keep Source Formatting**. After some spacing of the columns, the Excel file should appear as seen below. User experience may vary based on the browser used.

SAC	Carrier Name	State	Carrier Type	Download 481 Filings
109002	UNITED STATES CELLULAR CORPORATION	ME	CETC	Download
109006	United States Cellular Corp - CL	ME	CETC	Download
149003	UNITED STATES CELLULAR CORPORATION	VT	CETC	Download
199004	UNITED STATES CELLULAR CORPORATION	VA	CETC	Download

3. Repeat the above copy and paste procedures until all desired SACs have been placed into Excel. Because of the scroll bar in the 54.314 Certification System, longer lists will require more than one procedure.
