Lifeline Program
Application Form

OMB APPROVAL EDITION 3060-0819

1. About Lifeline

Lifeline is a federal benefit that lowers the monthly cost of phone or internet service.

Rules

If you qualify, your household can get Lifeline for phone or internet service, but not both.

- If you get Lifeline for phone service, you can get the benefit for one mobile phone or one home phone, but not both.
- If you get Lifeline for internet service, you can get the benefit for your mobile phone or your home connection, but not both.
- If you get Lifeline for bundled phone and internet service, you can get the benefit for your mobile phone bundled service or your home bundled service, but not both.

Your household cannot get Lifeline from more than one phone or internet company.

You are only allowed to get one Lifeline benefit per household, not per person. If more than one person in your household gets Lifeline, you are breaking the FCC's rules and will lose your benefit.

What is a household?

A household is a group of people who live together and share income and expenses (even if they are not related to each other).

Do not give your benefit to another person

Lifeline is non-transferable. You cannot give your Lifeline benefit to another person, even if they qualify.

Be honest on this form

You must give accurate and true information on this form and on all Lifeline-related forms or questionnaires. If you give false or fraudulent information, you will lose your Lifeline benefit (i.e., de-enrollment or being barred from the program) and the United States government can take legal actions against you. This may include (but is not limited to) fines or imprisonment.

You may need to show other documents

If the Lifeline Program Administrator is not able to validate that you or someone in your household qualify using this form and electronic databases, you may need to provide an official document from one of the government qualifying programs or documentation that proves your annual income. You can submit copies of your official documents with this application or wait until the Lifeline Program Administrator asks you for them. To add them now, include the documents in option 1 or option 2 below:

1. If you qualify through a government program, provide a copy of a document such as an approval letter or benefit letter with the name of the person in your household who qualifies, name of the program, and issue date within the past 12 months or future expiration date.
2. If you qualify through your income, provide a copy of the prior year's state, federal, or Tribal tax return or a current income statement from an employer or paycheck stub for 3 consecutive months (or other accepted documents).

Visit lifelinesupport.org to see all acceptable document guidelines.
