FCC Form 460 Guide

How to file an FCC Form 460 (Eligibility and Registration Form) for Data Centers and Offsite Administrative (Admin) Offices. The FCC Form 460 can be submitted at any time during a funding year.

Site Information Tab

- **Sites served by this data center or admin office** is a mandatory field. Select “Edit HCPs” button, and use the check boxes to select all sites (eligible and ineligible) that will use the services of this data center or admin office. Select “Update Form” in the pop-up to add the sites to the form.

- **FCC Form 460 Application Number** is a prepopulated field.

- **Form Nickname** is an optional field. If you wish, you may enter a name to easily identify this form in the future.

- **HCP Number** is a prepopulated field. The HCP Number is a unique identifier assigned by USAC to all sites, eligible and ineligible.

- **Site Name** is a required field that will be prepopulated for health care providers (HCPs) that have previously submitted an FCC Form 460. Enter the name of the site. This name will be automatically populated on all forms associated with the HCP number.

- **HCP Website** is an optional field. Enter the web address for the health care provider.

- **Name of Legal Entity** is a required field. Enter the name of the legal entity that owns and/or operates the site. If registering an off-site data center, provide the legal entity that will purchase the connections and network equipment associated with the off-site data center.

- **FCC Registration Number (FCCRN)** is a required field. If the legal entity named above has an FCCRN, you must enter the legal entity’s FCCRN.
  
  - All applicants must obtain an FCCRN, if they do not already have one. The FCCRN is a ten digit number that is assigned to a business or individual registering with the FCC, and is used to uniquely identify the business or individual in all of its transactions with the FCC. Obtaining an FCCRN is a simple process that can typically be completed within minutes through the FCC’s website at [https://fjallfoss.fcc.gov/coresWeb/publicHome.do](https://fjallfoss.fcc.gov/coresWeb/publicHome.do).
  
  - Note: If registering either an off-site data center or administrative office, the HCPs that will use the services must already have a submitted or approved FCC Form 460 (Eligibility and Registration Form) on file.

- **FCCRN for the Consortium** is an optional field. Enter the Consortium’s FCCRN if the legal entity named above does not have an FCCRN and plans only to apply as part of a consortium.

- **Site Contact Name** is a required field. Enter the name of a contact person located at the physical site. The site contact person is not necessarily the same person who will be contacted if there are questions about the application. In the case of an off-site data center, the site contact person is not required to be physically located at the site.

- **Phone** and **Email** are required fields. Enter the Site Contact's phone number and email address, and re-enter email address to confirm.
