Rural Health Care Program

Eligibility

Determining Eligibility

Three criteria to determine eligibility

1. Status – Your site must be
   • Not for Profit
   • Public

2. Health Care Provider (HCP) Type: [HCF Program] and [Telecom Program]

3. Rural Location
   • Telecom Program: HCP applicants must be located in an FCC-approved rural location to be considered rural.
   • HCF Program: Individual HCP applicants must be located in an FCC-approved rural location to be considered rural. Non-rural HCP applicants may apply as part of a majority-rural consortium.
   • Use the rural look-up tool on the USAC website.

Each HCP site or location is considered an individual HCP for purposes of calculating support under the RHC Program. Each site must thus demonstrate that by itself it is an eligible entity.

- New applicants will not have access to [My Portal](#) (our online application management system) until your first form is approved.
- Go to the My Portal homepage and select “New Applicant” at the bottom to begin your form.

**Tips for Consortia**

- To apply as a consortium, an FCC Form 460 will need to be submitted for the consortium itself.
- Each participating HCP will also complete an FCC Form 460.
- The consortium will receive its own unique HCP number, separate from the individual sites participating in the consortium.

**Account Holders**

- USAC recommends having more than one account holder for your HCP(s).
- You can add secondary account holders when filing your FCC Form 460 or 465.
- In the HCF Program, the Primary Account Holder (PAH) can assign secondary and tertiary account holders in the “Account Holders” tab in My Portal.
- **Note:** tertiary account holders will need to provide an up to date [Third Party Authorization (TPA)](#) to be able to submit forms on behalf of an HCP.
- In the Telecom Program, the PAH can add or remove account holders in the “My Account Settings” of My Portal.
