

## When to Submit Your FY2021 RHC Program Forms – Telecom Program

To ensure that you stay on track with your forms, USAC has developed recommended submission milestones for both the HCF and Telecom Programs. These milestones account for both the minimum competitive bidding time allowed under RHC Program rules and time for USAC review.

Please note that these dates (with the exception of the FCC Form 466 filing window deadline of April 1\*) are not mandatory deadlines, but rather recommended milestones to meet the close of the filing window.
