Consortium Rurality Percentage
All current and new HCF Program consortia must be “majority rural.” FCC Report and Order 19-78 eliminated the three-year grace period for consortia to become majority rural. “Majority rural” means that more than 50 percent of participating HCPs in a consortium must be rural. For example, if a consortium has five participating health care providers (HCPs), at least three of those HCPs must be in a rural area for the consortium to be deemed “majority rural.” Funding requests filed by consortia that are not in compliance with this rule will be denied.

Download the Consortia Rurality Compliance Tip Sheet.

Duplicate Funding Prohibited
Please remember: FCC rules prohibit duplicate funding for the same service, for the same locations, during the same period, from more than one FCC program. This includes the RHC programs (HCF and Telecom), the COVID-19 Telehealth Program, and the Connected Care Pilot Program (CCPP).

FCC Form 466 for the Telecom Program for FY2024 is now in RHC Connect
The FCC Form 466 (Funding Request Form) is migrating to RHC Connect for FY2024. Although the platform changed, the FCC Form 466 itself did not. To submit your funding request, you are asked the same questions and need to provide the same information as in years past. No preparation for the platform change is required by you. Please continue to use My Portal to submit FCC Forms 465 and the Telecom Program Invoice.

Reminders for Account Holders

Per RHC program rules, the primary and secondary account holder for an individual HCP must be an officer, director, or authorized employee of the HCP. For consortium applicants in the HCF Program, the project coordinator must be an officer, director, or other authorized employee of the consortium leader. If you are an HCP participating in the HCF or Telecom Program, and a consultant or other third party will file forms on your behalf, you must file a third-party authorization (TPA).

Note: The primary account holder is responsible for all activities associated with submitting and certifying forms, and for all activities in the RHC program for their HCP site.

Letter(s) of Agency and Third-Party Authorizations

Please be sure that all authorizations including Letters of Agency (LOAs) and Third-Party Authorizations (TPAs) are current and up to date, minimum, through the end of FY2024 and forward. For more information about LOAs, visit the Letter of Agency webpage. For more information about TPA requirements, see the Third Party Authorization (TPA) webpage.

What To Do When You Receive an Information Request

As part of their review of any eligibility, requests for services, funding requests, and invoicing forms, RHC reviewers will contact all account holders (the primary and all secondary and tertiary account holders associated with the HCP) with a request for additional information (“Information Request”). Information Requests aim to collect any missing documentation, address deficiencies, or gather general information required to address the questions of RHC form reviewers.

In our continuing efforts to deliver funding decisions as soon as possible, RHC will begin funding request reviews before the funding request window closes. This means that you may receive an Information Request before April 1, 2024. No final decisions will be made prior to the close of the filing window.

Information Request Tips for the Telecom Program

- For FY2024 FCC Forms 466, an auto-generated email will be sent directing HCPs to RHC Connect to respond. HCPs should respond through RHC Connect only. Please use the Information Request Tip Sheet to help you navigate Information Requests sent through RHC Connect.
- For prior years and all other Telecom Program forms, HCPs can receive Telecom Program Information Requests through My Portal or by email.
  - For Information Requests received through My Portal, HCPs should respond through My Portal only.
  - For Information Requests received by email, HCPs should “Reply All” to the email message.
- Use only Chrome, Firefox, or Microsoft Edge internet browsers when using My Portal.
- When uploading a document as a response, the file must be limited to 10MB and its file name should not contain any special characters, only letters and numbers.

Information Request Tips for the HCF Program

- For FY2024 FCC Forms 462, an auto-generated email will be sent directing HCPs to RHC Connect to respond. HCPs should respond through RHC Connect only. Please use the Information Request Tip Sheet to help you navigate Information Requests sent through RHC Connect.
- HCPs that receive HCF Program Information Requests through email should “Reply All” to the email message.

Enhanced Tool for HCF and Telecom Program Requests for Services is Available on the USAC Website

An enhanced Search Posted Services tool is available on the USAC website. This tool is a streamlined version of the Rural Health Care Posted Services (FCC Forms 461 and 465) dataset, making it easier to search for posted services and download documents. This tool, and the underlying dataset, have replaced the HCF Program - Search Posted Services tool and the Telecom Program - Search Posted Services tool for FY2023 and forward. The dataset contains data from the FCC Forms 461 and 465, i.e., services requested for current and past funding years. The open data portal allows you to filter, sort, and visualize the data in many different ways. There are hyperlinks in columns where you can download PDF versions of the FCC Form 461, Requests for Proposal (RFPs), and any other additional documentation submitted with the FCC Form 461.

For Connected Care Pilot Program (CCPP) data, please continue to use the original Search Posted Services tool to search for publicly posted requests for services.

FY2023 Funding Reviews Status

- FY2023 HCF – 91.32 percent of FCC Forms 462 are committed (Approved, Denied, or Withdrawn)
- FY2023 Telecom – 99.51 percent of FCC Forms 466 are committed (Approved, Denied, or Withdrawn)

NEW! FCC Releases Order FCC 23-110: Continuing the Improvement Rural Health Care Program Procedures

On December 14, 2023, the FCC released a Third Report and Order, Order FCC 23-110. This order improves RHC Program administration and facilitates participation in the program by allowing health care providers that expect to become eligible during a funding year to complete the processes required to request funding, aligns program deadlines, simplifies rules for calculating urban rates, streamlines administrative processes, and frees up unused funding for other purposes.

Rule Changes

The Third Report and Order:

- Permits health care providers to be granted conditional eligibility, thus allowing them to initiate competitive bidding and request funding before they meet all eligibility requirements. A health care provider must meet
all eligibility requirements before it receives a funding commitment.

- Provides health care providers more time to complete Service Provider Identification Number (SPIN) changes by moving the SPIN change deadline to align with the invoice filing deadline.
- Simplifies urban rate calculations by eliminating the seldom-used “standard urban distance” component of the RHC Program rule for determining urban rates in the Telecom Program.
- Allows health care providers to request changes to the dates covered by an evergreen contract.
- Adopts the FCC Form 460 for eligibility determinations in the Telecom Program, which will eliminate the need for Telecom Program participants to seek an eligibility determination every time they engage in competitive bidding.
- Establishes a deadline of July 1, 2024, for health care providers to claim undischarged funding commitments that do not currently have an applicable invoice filing deadline, which would free up for other uses up to $22.2 million in unclaimed RHC Program support from funding year 2019 and prior years.

For more information, read Order FCC 23-110.

RHC Connect for Service Providers
For FY2022 and forward, the FCC Form 463 will be submitted in RHC Connect. As you submit the FCC Form 463, please keep in mind that the General Contact on the FCC Form 498 is the only user for the company who can create additional logins for other users in that company.

If you have trouble accessing RHC Connect, it may be a result of outdated information on the FCC Form 498 (Service Provider and Billed Entity Identification Number and General Contact Information Form). To correct the issue, please update your FCC Form 498 as soon as possible and, if applicable, your Unique Entity Identifier (UEI) on the SAM.GOV webpage. For more information, please visit the Manage Your 498 ID webpage on the USAC website.

A user guide for the FCC Form 463 specifically for service providers is now available on the Step 5: Invoice USAC webpage in the RHC service provider section of the USAC website.

Important Reminders

** Unsure of Your Invoice Filing Deadline?**
The invoice filing deadline is included in your funding commitment letter (FCL), which USAC sends via email after processing the FCC Form 462 (Funding Request Form for HCF) or FCC Form 466 (Funding Request Form for Telecom). You can look up your invoice filing deadline using the RHC Invoicing Deadline Tool on the Open Data platform.

For more information, please use the following online resources:

- For the HCF Program: Invoice USAC and Welcome to RHC Connect – FCC Form 463 webpages
- For the Telecom Program: Invoice USAC webpage.

**Invoicing Best Practices**
Please keep in mind that once you receive an approved funding commitment, you should follow the necessary steps to invoice prior to your invoice filing deadline(s). Please be sure to respond to any invoicing Information Requests by the 14-calendar-day deadline listed in the email. For more information, please see the HCF invoice page or Telecom invoice page.

As a reminder: When a service provider does not certify an invoice, USAC sends an Information Request to remind it to do so. USAC has no role or involvement in disputes between HCPs and service providers. HCPs should work with their service providers to resolve any issues.

**Online Tools**

**Invoice Filing Deadlines**
The Invoice Deadline tool replaces the Invoicing Deadline spreadsheet. The tool allows service providers and HCPs to look up the deadline to submit invoices for funding commitments. The tool frees users from having to set up specific Excel configurations to find their deadlines.

**Note:** The tool does not contain any additional information such as form submissions, payment status, or funds remaining. Contact the RHC Customer Service Center for questions about those topics. The Invoicing Deadline tool and all other RHC tools can be found on the Tools webpage.

**Eligible Rural Areas Search Tool**
The Eligible Rural Areas Search Tool has been removed from the Tools webpage and the HCF and Telecom eligibility webpages. HCP rurality and priority tiers can be searched using the Rurality Tier Search Tool. For more information about how to use this tool, please use the How to Use the Rurality Tier Search Tool tip sheet on the USAC website.
Note: This tool is for informational purposes only. Rurality tiers are formally assigned during the review and approval of the FCC Form 460 in the HCF Program and FCC Form 465 in the Telecom Program. Applicants should check approved forms for their assigned rurality tier.

News You Can Use

Changes to a Commitment After Funding Has Been Approved

When a FCL is received, it is the responsibility of the applicant to confirm that all information is accurate. Applicants must contact USAC to request changes to an HCF site or service for any of the circumstances listed:

- If the site address changes or the primary account holder no longer works for the HCP, an FCC Form 460 revision for HCF or a new FCC Form 465 for Telecom must be submitted within 30 days of the change. The 30-day requirement applies at all points during the funding lifecycle, including all post-commitment activities.
- If not all approved funds will be used, a request to decrease funding may be submitted by sending an email to RHC-Invoicing@usac.org. The HCP name and number, the affected FRN, and the amount reduced in the commitment must be included. USAC will complete a partial de-commitment for the FRN in that amount.
  - In the Telecom Program, the approved FRN service dates can be revised prior to invoicing using the FCC Form 467.
  - If any additional changes are required after submitting the FCC Form 467, an FCC Form 467 can be resubmitted prior to invoicing.
- If funds within an FRN must be re-allocated, a site and service substitution must be submitted. Learn more about site and service substitutions.
- If no funds will be used in the approved or disbursed funding commitment, the disbursed funds must be returned to USAC. Learn more about voluntary return of funds by visiting the Returning Program Funding webpage.

Certifications Requirements for National Supply Chain

As a reminder, when service providers log in to My Portal, two new Supply Chain certifications included in the FCC Form 463 and Telecom Program invoice will be displayed. The first certification affirms compliance with the Section 54.9 on USF for specified transactions with companies deemed to pose a national security threat. The second certification affirms compliance with Section 54.10, which prohibits the use of any Federal subsidies on any communications equipment and services on the Covered List.

- FY2022 and FY2023 program participants: If you requested services or equipment provided by or that contain components of products produced by any company on the Covered List, or any of their parents, affiliates, and subsidiaries in FY2022 or FY2023, you cannot invoice for these funds. Instead, you should immediately request a service substitution prior to invoicing to ensure complete program compliance.
- FY2024 program participants: As you proceed with requesting funding for FY2024, please ensure you are not requesting funding for services or equipment from any company on the Covered List, or any of their parents, affiliates, and subsidiaries.

USAC updated the Supply Chain webpages to include three new subpages: COVID-19 Broadband Programs, Audits, and FAQs.
