# FY2019 Overview

RHC 102

# Overview of the RHC Program

- The RHC Program provides discounts for telecommunications and broadband services to *eligible* health care providers (HCPs).
- The RHC Program is authorized by the Federal Communications Commission (FCC) to commit up to \$581M in funding for funding year (FY) 2018 (July 1, 2018 – June 30, 2019) and adjusts for inflation every year.
  - [FCC Order 18-82](#) released June 25, 2018 raised the RHC Program funding cap from \$400M.
  - The funding cap includes administrative expenses for the Universal Service Administrative Company (USAC) to administer the RHC Program each funding year.
- Read the RHC Program [Rules](#) and [Order](#) for complete information.

# The Two Components of the RHC Program

There are two “sub programs” of the RHC Program:

## 1. Healthcare Connect Fund (HCF) Program

- Supports broadband connectivity and broadband networks for eligible HCPs
- Eligible services and equipment receive a 65% discount

## 2. Telecommunications (Telecom) Program

- Funds urban/rural rate difference for eligible telecommunications services for eligible HCPs
- Remained in place after adoption of the HCF Program

## Glossary

Acronym	Meaning
<b>FCC</b>	Federal Communications Commission
<b>HCF</b>	Healthcare Connect Fund
<b>FY</b>	Funding Year
<b>HCP</b>	Health Care Provider (your site)
<b>HCP Number</b>	Number associated with your site
<b>PAH</b>	Primary Account Holder
<b>FRN</b>	Funding Request Number
<b>LOA</b>	Letter of Agency (HCF Program Only)
<b>TPA</b>	Third Party Authorization
<b>ACSD</b>	Allowable Contract Selection Date

# Three Criteria for Eligibility

## 1. Status

- Not for Profit
- Public

## 2. HCP Type

## 3. Rural Location

- Telecom Program: HCP applicants must be located in an FCC-approved rural location to be considered rural.
- HCF Program: Individual HCP applicants must be located in an FCC-approved rural location to be considered rural. Non-rural HCP applicants may apply as part of a majority-rural consortium.
- Use the [rural look-up tool](#) on the USAC website.

Each HCP site or location is considered an individual HCP for purposes of calculating support under the RHC Program. Each site must demonstrate that, *by itself*, it is an eligible entity.

# Rural Healthcare Program Application Process

# RHC Program: Funding Years & Filing Window Periods

- **Funding Year**

- From July 1 to June 30 of the subsequent calendar year
- FY2019 = July 1, 2019 to June 30, 2020

- **Filing Window Periods**

- A fixed period during which all qualifying funding requests that are received during a filing window period are treated as having been filed simultaneously for purposes of making funding commitment decisions.
- Each funding year can have multiple filing window periods.
- FY2019 Filing Window Period is February 1 – 11:59 p.m. ET May 31

# FUNDING YEAR (FY) 2019

## FILING CALENDAR

\*Applicants should allow for processing time between their submission and USAC posting of the form. by this day

. \*\*An invoice must be submitted to the service provider and approved by the deadline.

## HCF Program

# Recommended Last Day to Submit for Individual HCPs *NOT* using a Request for Proposal (RFP)

HCF Program Form	Last Day to Submit
<b>FCC Form 460</b> (Eligibility)	<b>March 14, 2019</b> Recommended Date
<b>FCC Form 461</b> (Request for Services)	<b>April 15, 2019</b> Recommended Date
<b>FCC Form 462</b> (Funding Request)	<b>May 31, 2019</b> <b>*Deadline to Submit</b>

Please note that these dates (\*with the exception of the FCC Form 462 window close deadline of May 31) are not deadlines enforced by the HCF Order, but rather suggested milestones to meet the close of the window.

## HCF Program

# Recommended Last Day to Submit for Individual HCPs using a Request for Proposal (RFP)

---

HCF Program Form	Last Day to Submit
<b>FCC Form 460</b> (Eligibility)	<b>March 14, 2019</b> Recommended Date
<b>FCC Form 461</b> (Request for Services)	<b>April 1, 2019</b> Recommended Date
<b>FCC Form 462</b> (Funding Request)	<b>May 31, 2019</b> <b>*Deadline to Submit</b>

Please note that these dates (\*with the exception of the FCC Form 462 window close deadline of May 31) are not deadlines enforced by the HCF Order, but rather suggested milestones to meet the close of the window.

## Telecom Program

# Earliest and Last Dates To Submit for Request for Services & Funding Request

---

Telecom Program Form	First Day to Submit	Last Day to Submit
<b>FCC Form 465</b> (Eligibility & Request for Services)	<b>January 1, 2019</b> Earliest Date to Submit to Request Services	<b>April 15, 2019</b> Recommended Date
<b>FCC Form 466</b> (Funding Request)	<b>February 1, 2019</b> Earliest Date to Submit	<b>May 31, 2019</b> <b>*Deadline to Submit</b>

Please note that these dates (\*with the exception of the FCC Form 466 window close deadline of May 31) are not deadlines enforced by the HCF Order, but rather suggested milestones to meet the close of the window.

**Questions?**

# Managing Account Holders

RHC 102

# Three Types of Account Holders

## 1. Primary Account Holder (PAH)

- Must work for the legal entity of the HCP
- Responsible for the accuracy of information submitted to USAC
- Can only be one individual
- Mandatory for every HCP

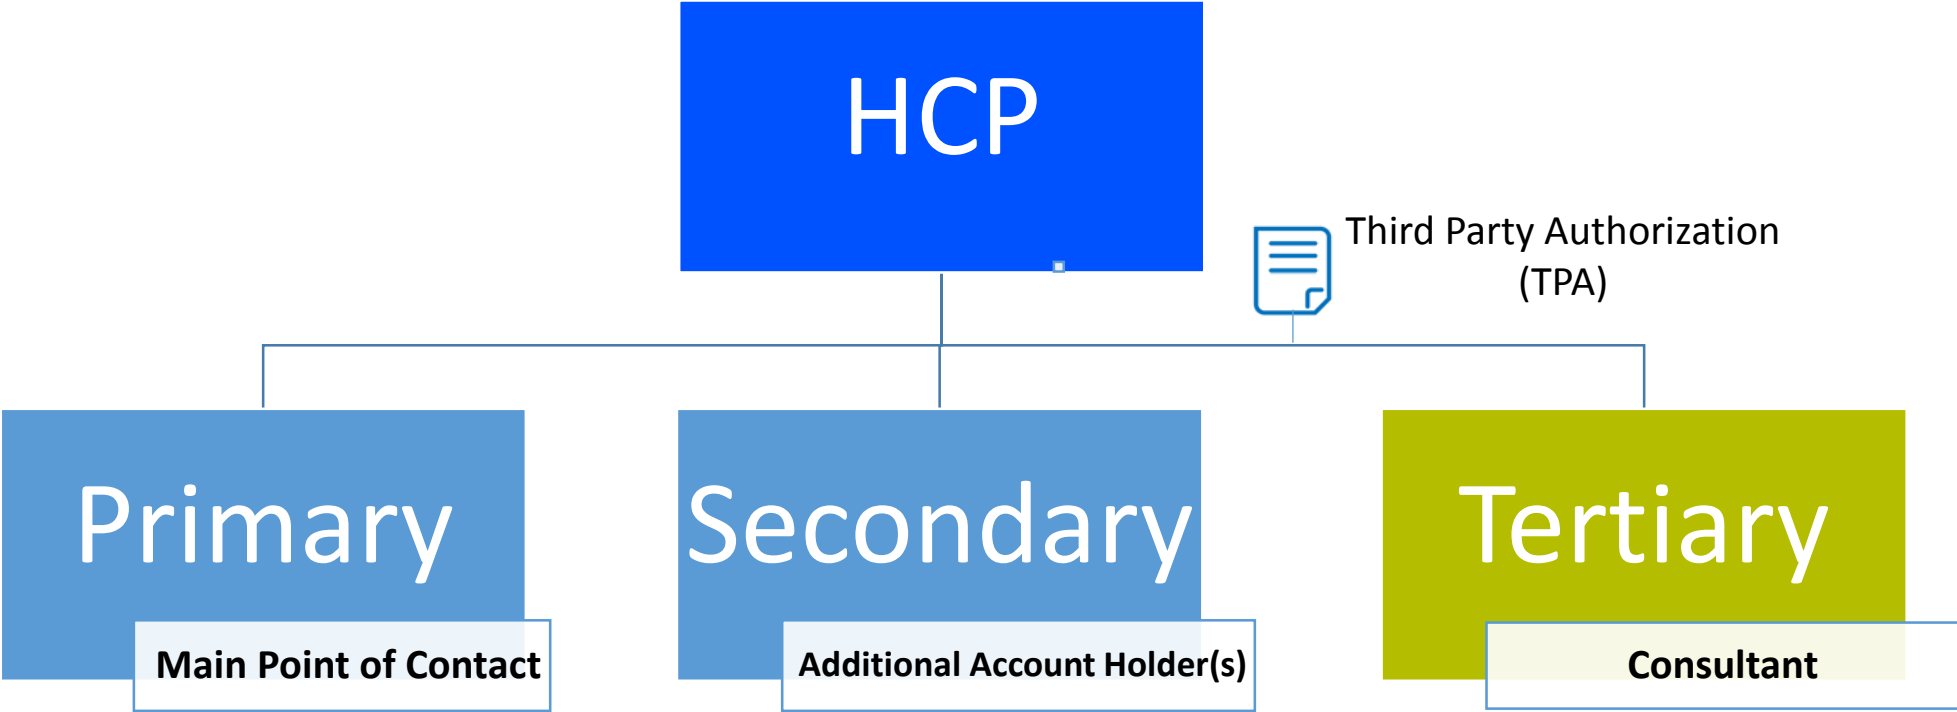

## 2. Secondary Account Holder

- Must work for the legal entity of the HCP
- Responsible for the accuracy of information submitted to USAC
- “Back up” for PAH
- Can have multiple secondary account holders for one HCP

## 3. Tertiary

- Hired by HCP to file forms on behalf of the HCP (e.g., consultants)
- Must have a valid Third Party Authorization (TPA)

# Types of Account Holder Rights

# Primary Account Holder – HCF Program

- In HCF, the primary account holder has the ability to manage other account holders in the Account Holders tab of My Portal.

[Create New Form 460](#)

**My HCPs** **Account Holders**

**Add New Account Holder**

Account Holder	Account Holder Name	Status	Action
<input type="text"/>	<input type="text"/>	Active	<a href="#">Remove</a>

## Consultant Account Holder Rights

- Consultants must have tertiary rights in the HCF Program.
- Consultants must have secondary rights in the Telecom Program.
- Consultants gain account holder rights through a Third Party Authorization (TPA)
  - The TPA can be uploaded to an FCC Form 460 or 465 before submission, or added by the primary account holder in My Portal.
  - Information and a sample template for the TPA can be found on our [website](#).

**Questions?**

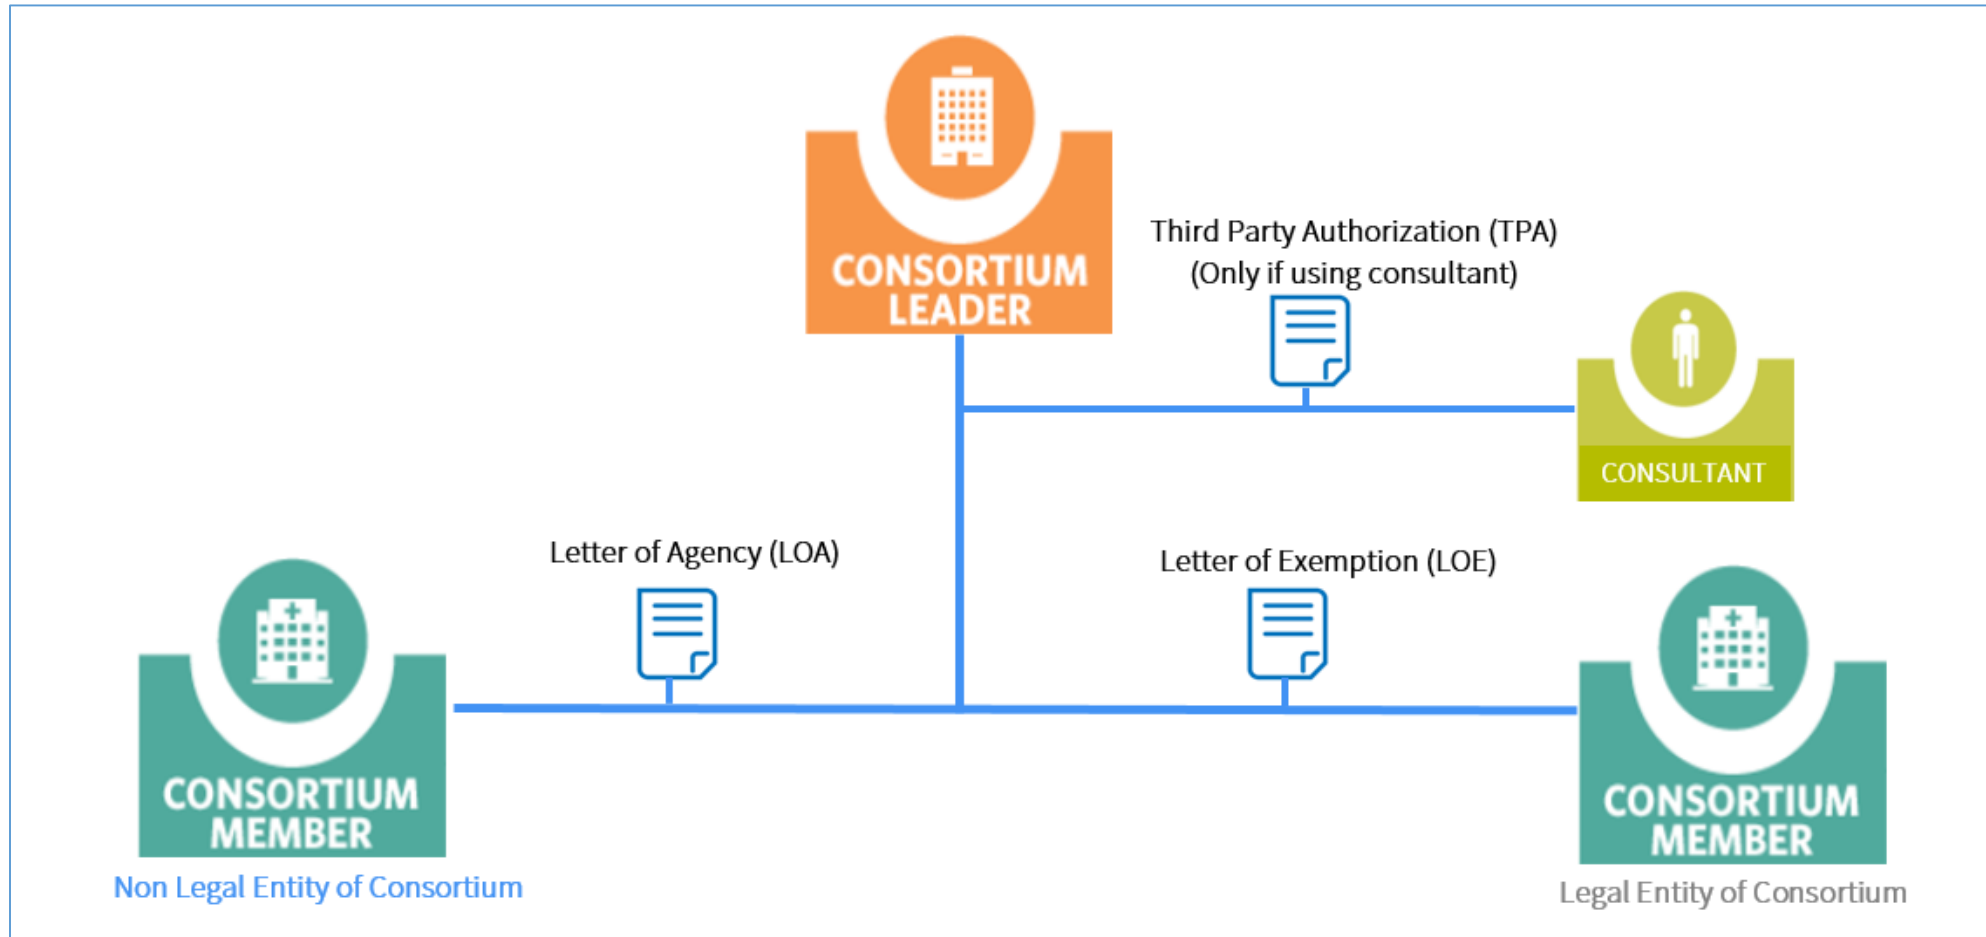

# Authorizations

RHC 102

# HCF Authorizations

- **Third Party Authorizations (TPA):** Provides written authorization to a third party/consultant to complete and submit forms on behalf of the HCP.
- **Letter of Agency (LOA):** Provides written authorization to the consortium project coordinator to act on behalf of each participating HCP within the consortium.
  - This is mandatory for HCP member sites not owned and operated by the consortium
- **Letter of Exemption (LOE):** Provides written authorization to the consortium project coordinator to file forms for sites that are owned and operated by the consortium.

- More information such as requirements, recommendations, and submission guides found [here](#).

## Authorizations for FY2019

- In order to be considered eligible for funding in FY2019, [Letters of Agency \(LOA\)](#) and [Third Party Authorizations \(TPA\)](#) must be up to date through FY2019, at a minimum.
- Before submitting a form, please check to ensure authorization documents are up to date.
  - FCC Forms 462 and 466 submitted with expired LOAs or TPAs will result in applicants receiving Information Requests.
- Download a [Sample TPA](#) or [Sample LOA](#).
- For more information about submitting LOAs, please see the [submission guide](#).

## **HCF Program - Consortium FCC Form 461 & LOA**

- When filing a consortium FCC Form 461, you should make sure the FCC Forms 460 and LOAs for all member sites have been approved before filing the consortium FCC Form 461.
- Once the FCC Form 461 is filed, you will not be able to link sites to that FCC Form 461 that are later added to the consortium.

**Questions?**

# Best Practices Before Form Submission

RHC 102

## Before You Submit a Funding Request

- Make sure you are familiar with the Request for Services (FCC Form 461/465) process.
  - Request for Services (FCC Form 461/465) [webinar](#) and [tip sheet](#)
- Once a Request for Services is posted, service providers have 28 days to send their bids to the applicant
  - The applicant and service provider may not enter into an agreement to purchase services until the 28 days is over.
  - After the 28 days is complete, the HCP and service provider are welcome to sign a contract. This date is called the Allowable Contract Selection Date (ACSD).
- Ensure you went through a fair and open competitive bidding process unless you are [exempt](#).

# Competitive Bidding

- The purpose of competitive bidding is to allow all service providers an equal opportunity to understand your service requirements and offer the most cost-effective solution to address those needs.
- Program rules require that the competitive bidding process be “fair and open.”
- Service providers who plan to bid cannot also simultaneously help you choose a winning bidder or participate in the vendor selection process in any way.
- All potential bidders and service providers must have access to the same information about the service needs and must be treated in the same manner throughout the bidding and vendor selection process.

# FCC Form 462/466 Funding Request Submission Checklist

- ☐ Access to My Portal.
- ☐ Document(s) confirming the monthly cost for your services (e.g., a copy of your bill dated within the requested funding period) or the most current bill available before the filing window closes and the next funding year opens.
- ☐ A scanned copy of all bids that were received for your request for services including the winning bid, all bids that were rejected, and any bids that were disqualified and why.
- ☐ A scanned copy of the bidding evaluation matrix.
- ☐ A scanned copy of any new contract signed for your services.
- ☐ Contact information for:
  - ☐ Service provider
  - ☐ All responsible Account Holders
- ☐ The start and end location of your services.
- ☐ A scanned copy of urban rate documentation (Telecom Program only)
- ☐ Rural rate documentation from the service provider supporting the rural rate rule (Telecom Program only)

**\* Any information that cannot be located in the submitted supporting documentation will result in an Information Request.**

## Funding Request Submission Tips

- It is helpful to also submit a cover letter that includes a summary of your submission.
- Recommended things to include in your cover letter:
  - Where to find information about your circuit in the supporting documentation (i.e. Ethernet 20M - \$XX.XX – Page 5 of Invoice)
  - Highlight/label any documentation that is submitted
- Information that is not clearly identified via supporting documentation will need to be confirmed from the service provider.
  - It is the HCP's responsibility to reach out to the service provider to get any missing information. USAC cannot reach out to the service provider on an HCP's behalf.

# Telecom Program - Rural Rate Key Points

- Submitted documentation must show that the rural rate provided is compliant with the rural rate rule (47 CFR § 54.607).
- Please bear in mind that these methods must be applied sequentially, e.g., begin with Method 1. If the rural rate cannot be determined using Method 1, move on to Method 2, and so on.
- There are 3 methods that can be used to derive the rural rate:
  - **Method 1** – The rural rate is based on the average of actual rates the service provider charges to other commercial customers in the same rural area as the HCP who are NOT healthcare providers for the same or similar services. **Documentation showing the rates charged to other commercial customers may be a bill, invoice, or contract.**
  - **Method 2** – The rural rate is the average of tariffed and other publicly available rates charged by other service providers to commercial customers, who are NOT healthcare providers, for the same or similar services in that rural area. Method 2 may be used only if the service provider does not provide the same or similar service to a commercial customer who is NOT a healthcare provider in this rural area. **Documentation may include tariffed or other publicly available rates (e.g., rates posted on service provider’s website or rate cards).**
  - **Method 3** – This method is straightforward and may only be used if Methods 1 or 2 cannot be used. “If there are no such tariffed or publicly available rates, or the carrier “reasonably determines that this method for calculating the rural rate is unfair,” the carrier must submit its rural rates to the state commission (for intrastate rates) or the FCC (for interstate rates) for approval.” **Applicant must submit proof that rate was submitted to state commission or FCC before the Form 466 is filed.**

## Telecom Program - Urban Rate Key Points (47 CFR § 54.605)

- Submitted documentation must show that the urban rate provided is compliant with the urban rate rule (47 CFR § 54.605).
- Urban rate must not be “higher than the highest tariffed or **publicly-available** rate charged to a commercial customer for a functionally similar service...”
- Urban rate must be derived using a rate for a “functionally similar” service, i.e., must be a rate for a complete circuit, not simply a portion of the circuit, and similar in symmetry/asymmetry.
- Urban rate must be a tariffed or other publicly available rate in any city with a population of 50,000 more in the same state as the HCP is located.
- Safe harbor rates are available on our website for bandwidths up to 50 mbps.

# Telecom Program – Rural Rate Key Points For Service Providers

- Your customer will not have the information needed to document that the rural rate on the Form 466 is compliant with the rule.
- The process of determining the rural rate should begin before you submit a bid in response to the FCC Form 465 (Request for Services).
  - You should determine which method you will be using to support the rural rate and prepare the necessary information for the HCP to include with the Form 466 funding application.
  - If using Method 3, you should have submitted your rural rate request to the state commission (intrastate rate) or FCC (interstate rate) for approval.
- Please be sure that the correct contact person is on the Form 498 so that Information Requests that require the service provider's input are received in a timely manner.
- Be sure to copy everyone on the email with your response and be mindful of deadlines.
- If you deem the information provided to USAC as confidential, please mark it clearly as confidential in the subject line and request confidentiality pursuant to the Commission's rules at 47 CFR § 0.459. You do not need to include other individuals on your response and submission, if requesting confidentiality pursuant to the Commission's rules.

**Questions?**

# Best Practices After Form Submission

RHC 102

# Information Requests

- Forms with missing or incomplete information or documentation cannot be processed.
- Account holders will receive an **Information Request** when required information cannot be located in the submitted supporting documentation.
- All account holders will receive all Information Requests.
- Applicants are given 14 calendar days to provide a response to the Information Request.
  - 11:59 p.m. EST on the 14<sup>th</sup> day would be the last time to respond to the Information Request.
- Information Requests not responded to within 14 calendar days **will result in a denial** of that form.

## Communicating with Your Service Provider

- Ensure your service provider is aware of all the documentation needed for future steps in the application process.
  - E.g., Urban/Rural Rate documentation (Telecom Program).
- Include language in your bid documentation that confirms your service provider will be compliant with all RHC Program rules and FCC Orders.
- Include your service provider when you reply to Information Requests via email.

## Documentation Retention

- Documentation must be retained five years from the end of the funding year (Telecom Program) and for at least five years after the last day of service delivered in a particular funding year (HCF Program).
- HCPs are required to retain documentation sufficient to establish compliance with all FCC rules.
- Service providers must retain documentation related to the delivery of discounted services for at least five years after the last day of delivery of discounted services.
- HCPs and service providers shall produce records at the request of the Commission, any auditor appointed by USAC or other state or federal agency with jurisdiction.

## Examples of Documentation Retention

- **Proof of Eligibility:** Business license, Internal Revenue Service (IRS) not-for-profit determination letter, or IRS Form 990.
- **Competitive Bidding & Vendor Selection:** Copies of all responses or bids received, including bids that were disqualified. Documentation of communications with service providers during the competitive bid process. Bid selection criteria and analysis documentation.
- **Invoicing:** Documentation demonstrating the reimbursements/credits for supported services that were received from the service provider. Documentation demonstrating that the HCP paid the service provider the HCP's share of costs (35% contribution) for services received.
