#### **Reminder: FCC Report and Order 19-78**

FCC Report and Order 19-78
 webpage summarizes the Report
 and Order's major changes.

#### FCC Report and Order 19-78

On August 20, 2019, the Federal Communications
Commission (FCC) released a Report and Order reforming
the Rural Health Care (RHC) Program to promote
transparency and predictability, and to further the
efficient allocation of limited program resources while
guarding against waste, fraud, and abuse. The Report and
Order was published in the Federal Register on October
11, 2019 and effective on November 12, 2019. Read the
Report and Order here

While the Report and Order includes a number of changes to the RHC Program, the overall structure of the Program

will remain the same. As before, the RHC Program will still have two sub-programs: the Healthcare Connect Fund (HCF) Program and the Telecom Program. Further, applicants will still be required to seek eligibility, submit requests for funding, requests for services, and invoicing forms.

#### FCC Report and Order 19-78 (continued)

- Consortia Majority Rural Rule (HCF Only) Every consortium participating in the HCF Program must consist of more than 50 percent eligible rural sites.
  - Rurality Compliance Tip Sheet
- **Consultant Registration** USAC will issue a unique registration number to the consultant or outside expert and that number will be linked to the HCP's organization.

#### SPIN CHANGES

- A corrective SPIN change is made when the SPIN associated with a Funding Request Number (FRN) is not correct. This occurs when:
  - The applicant or USAC made a data entry error,
  - SPIN has changed due to the merger of companies or the acquisition of one company by another;
     or
  - The applicant has not initiated the change (e.g., where the service provider declares bankruptcy).
- An operational SPIN change is a request to change the actual service provider associated with an FRN.
  - The change in service providers is the result of a deliberate decision by the applicant.
  - The applicant has a legitimate reason to change providers (e.g., breach of contract or the service provider is unable to perform).
- **Site and Service Substitutions** HCPs in both the HCF and Telecom program are required to submit site and service substitutions by the service delivery deadline.
  - This date can be found on the Funding Commitment Letter (FCL) for the FRN (FCC Form 462 Application)

#### FCC 23-110 Third Report and Order

- On December 14, 2023, the FCC released Order FCC 23-110. This order improves RHC Program administration and facilitates participation in the program by allowing health care providers that expect to become eligible during a funding year to complete the processes required to request funding, aligns program deadlines, simplifies rules for calculating urban rates, streamlines administrative processes, and frees up unused funding for other purposes. Changes to RHC Program rules are as follows:
  - Permits health care providers to be granted conditional eligibility, thus allowing them to initiate competitive bidding and request funding while awaiting a final eligibility determination (Prior to July 1, 2024, for purposes of competitive bidding FY2025).
  - Provides health care providers more time to complete Service Provider Identification Number (SPIN) changes by moving the SPIN
    change deadline to align with the invoice filing deadline (Beginning in FY2023).
  - Simplifies urban rate calculations by eliminating the seldom-used "standard urban distance" component of the rule for determining urban rates in the Telecommunications (Telecom) Program (Beginning in FY2025).
  - Allows health care providers to request changes to the dates covered by an evergreen contract post-commitment (Beginning in FY2024).
  - Adopts the FCC Form 460 for eligibility determinations in the Telecom Program, which will eliminate the need for Telecom
    Program participants to seek an eligibility determine every time they engage in competitive bidding.
  - Establishes a deadline of July 1, 2024, for health care providers to claim undisbursed funding commitments that do not currently have an applicable invoice filing deadline from FY2019 and prior years.

#### **Reminder: Information Requests**

- If USAC requires information that cannot be located on the submitted supporting documentation, this will result in an Information Request.
- All account holders will receive all Information Requests.
- Applicants are given 14 calendar days to provide a response to the Information Request.
  - 11:59 p.m. ET on the 14<sup>th</sup> day would be the last time to respond to the Information Request.
- Information Requests not responded to within 14 calendar days will result in a denial of that form.
- An extension request must be received prior to the original 14-day Information Request deadline.

#### **FY2024 Funding Request Reviews**

- RHC may begin funding request reviews before the funding request window closes.
- No final decisions will be made prior to the close of the filing window.
- Some changes to submissions must occur prior to the close of the filing window.
- This means that you may receive an Information Request before May 1, 2024.
- For FY2024 FCC Forms 462, an auto-generated email will be sent with instructions to respond through RHC Connect.
  - HCPs should respond through RHC Connect only.
  - The auto-generated email comes from an unattended mailbox so please only respond through RHC Connect.

#### **Update: FCC Form 463 in RHC Connect**

- While it is no longer required in RHC Connect to move forward with the submission of Form 463, applicants are expected to have supporting documentation for invoices and proof of payment available at the time they submit the form.
- Upon selection for manual review or audit, RHC will require submission of all documents for all requested billing period(s).
- Please be mindful that program rules require applicants to have all supporting documentation available when forms are submitted, and for 5 years thereafter.

#### Reminder: Invoice Filing Deadlines

- Invoicing guidelines adopted in FCC Report and Order 19-78 became effective beginning with FY2020 applicants.
- The invoice filing deadline will be four months (120 days) from the service delivery deadline in both the HCF and Telecom Programs, October 28 of a given funding year.
- Please use the <u>RHC Invoicing Deadline Tool</u> in the Open Data section of the USAC website to look up your invoicing deadline.
- For more information, please see the <u>HCF invoice page</u> and <u>Telecom invoice page</u>.

### **Supply Chain Order**

- As a reminder, when service providers login to My Portal they will see two new supply chain certifications included in the FCC Form 463 and Telecom program invoice.
- The first certification affirms compliance with the <u>Section 54.9</u> prohibition on USF for specified transactions with companies deemed to pose a national security threat. The second certification affirms compliance with <u>Section 54.10</u>, which prohibits the use of any Federal subsidies on any communications equipment and services on the <u>Covered List</u>.
- **FY2023 Applicants**: If you requested services or equipment provided or that contain components of products produced by any of the listed covered companies or any of their parents, affiliates and subsidiaries in FY2023, you cannot invoice for these funds. Instead, you should immediately request a <u>service substitution</u>.
- **FY2024 Applicants:** As you proceed with competitive bidding, please ensure you are not requesting funding for services or equipment from listed covered companies or any of their parents, affiliates and subsidiaries.
