Differences Between RHC Programs

- Different services funded: Telecom Program funds telecommunications services and HCF Program funds advanced telecommunications and information services for broadband connectivity.
- Different method of calculating discount: Telecom Program funds the difference between the urban and rural rates; HCF Program funds a flat 65%.

Funding Request Forms Overview Best Practices for FY2021

RHC Program Application Process

Must meet three eligibility criteria:

- Not-for-profit/public
- In a rural area
- One of the eligibility facility types

HCF Program: **FCC Form 460**Telecom Program: **FCC Form 465**

Describe the services you need and develop scoring criteria to evaluate bids. Your request for services is posted to the USAC website for a minimum of 28 days.

HCF Program: FCC Form 461
Telecom Program: FCC Form 465

Once competitive bidding has ended, choose the most "cost-effective" service provider. Provide information about the services selected: cost, service provider information, and terms of service agreement(s).

HCF Program: FCC Form 462
Telecom Program: FCC Form 466

Confirm service start and end dates.

HCF Program: FCC Form 463
Telecom Program: FCC Form 467

Submit invoice before deadline:

Invoice

- HCF Program:

 Initiate invoicing process
 by submitting FCC
 Form 463 to service
 provider for review and
 submission to USAC.
- Telecom Program:
 Service provider completes invoicing process.

HCF Program: **FCC Form 463** Telecom Program: **Invoice**

What is a Funding Request?

- Once a service provider is selected, the next step is to submit a **funding** request to USAC to provide information about the services selected and
 certify that those services are the most cost-effective option of the offers
 received.
- Specifies the type of service(s) ordered, cost, name of service provider(s), and terms of the service agreement(s).
- Applicants submit their HCF funding request using an FCC Form 462 (Funding Request Form).

Who Must Submit a Funding Request

- All applicants requesting HCF Program funding must file a separate FCC Form 462 for each service provider for which funding is requested.
 - Multiple circuits can be included on one FCC Form 462 if it is for the same service provider.

When to Submit

- Applicants are unable to submit funding request forms outside of a filing window period.
 - The FCC Form 462 must be submitted by the close of a filing window period to be considered for funding.
- Funding Year (FY) 2021 Filing Window Period Opens January 4, 2021
 - January 4, 2021 April 1, 2021 11:59 p.m. ET
- USAC suggests that applicants submit the funding requests as early as possible during the filing window.
- No changes can be made to your funding request after the filing window closes.

FY2021 Calendar

Information Requests

- Forms with missing or incomplete information or documentation cannot be processed.
- Where USAC requires information that cannot be located on the submitted supporting documentation will result in an Information Request.
 - FCC Form 462 Information Requests will be sent from an @usac.org email address.
- All account holders will receive all Information Requests.
- Applicants are given 14 calendar days to provide a response to the Information Request.
 - 11:59 p.m. ET on the 14th day would be the last time to respond to the Information Request.
- Information Requests not responded to within 14 calendar days will result in a denial of that form.

Submission Checklist

- Document(s) confirming the monthly cost for your services (e.g. a copy of your bill dated within the requested funding period) or the most currently available bill as the filing window closes before the funding year opens.
- A copy of all bids that were received for your request for service including the winning bid, all bids that were rejected and any bids that were disqualified and why.
- ☐ A copy of the bidding evaluation matrix.
- A list of people who evaluated bids including title, role, and their relationship to the applicant
- Internal documents related to the selection of the service provider (if applicable)
- Copies of any correspondence with service providers prior to and during the competitive bidding process (if applicable)
- A copy of any new contract signed for your services.
- ☐ Award letter to winning vendor.
- Contact information for the service provider and all responsible account holders
- The start and end location of your services.
- ☐ Viable source letter for consortia applicants (35% contribution)

^{*} Any information that cannot be located on the submitted supporting documentation will result in an Information Request.

Evergreen Contracts

- An evergreen contract is a multi-year contract between an HCP and a service provider that has been reviewed by USAC and endorsed as evergreen, which allows an applicant to bypass competitive bidding for the life of the contract for the same terms.
- For the HCF Program, HCPs with evergreen contracts may submit the FCC Form 462 seeking a multi-year commitment for up to three funding years at a time for the length of the evergreen contract designation.

Evergreen Contracts (continued)

- Applicants will be notified of an evergreen determination on their Funding Commitment Letter (FCL). To be considered evergreen, the multi-year contract must meet the following criteria:
 - Both parties are identified,
 - Contract is signed and dated by the HCP or consortium leader
 - Contract specifies the bandwidth, type, quantity, and terms of service,
 - Contract has a specific duration,
 - Contract specifies the cost of services to be provided,
 - Contract includes the physical addresses or other identifying information of the HCP sites purchasing from the contract, and

Contract must be entered into as a result of competitive bidding.

Evergreen Contracts – Voluntary Extensions

- Applicants who will be exercising voluntary extensions for an approved evergreen contract should list the remaining expense periods as one expense and the length of the extension as another expense
 - Voluntary extensions must be memorialized in the contract and must have been included in the original evergreen endorsement.
 - The decision to extend the contract must have been made before a funding request is filed.
 - Voluntary extensions cannot exceed five years in aggregate.

Submission Tips

- Use the information on the original documentation (bill, contract, or service order) to enter the data into the FCC Form 462 and upload that document into My Portal with your submission.
- Remember you must also submit:
 - Copies of all bids received including winning, losing and disqualified.
 - List of the people who evaluated the bids with their names and titles.
 - **Evaluation documents** including the scores received by bidders based on the weighted criteria posted in the FCC Form 461.
 - Award letter to the winning vendor.
- Per the rules, you must have all supporting documents on hand at the time of submission and they must be uploaded when you submit your forms.

Submission Tips

- It is helpful to also submit a cover letter that includes a summary of your submission.
- Recommended things to include in your cover letter:
 - Where to find information about your circuit in the supporting documentation (i.e. Ethernet 20M \$XX.XX Page 5 of Invoice)
 - Highlight/label any documentation that is submitted.
- Information that isn't clearly identified via supporting documentation will need to be confirmed by the service provider.
 - It is the HCPs responsibility to reach out to the service provider to get any missing information. USAC cannot reach out to the service provider on an HCP's behalf.

FCC Report and Order 19-78

On August 20, 2019, the Federal Communications

Commission (FCC) released a Report and Order reforming the Rural Health Care (RHC) Program to promote transparency and predictability, and to further the efficient allocation of limited program resources while guarding against waste, fraud, and abuse. The Report and Order was published in the Federal Register on October 11, 2019 and effective on November 12, 2019. Read the Report and Order here

While the Report and Order includes a number of changes to the RHC Program, the overall structure of the Program will remain the same. As before, the RHC Program will still have two sub-programs: the Healthcare Connect Fund (HCF) Program and the Telecom Program. Further, applicants will still be required to seek eligibility, submit requests for funding, requests for services, and invoicing forms.

FCC Report and Order 19-78 Changes Already in Effect

- Consortia Majority Rural Rule (HCF Only) Every consortium in the HCF Program must consist of more than 50% eligible rural sites starting in FY2020. Three-year grace period eliminated.
 - Rurality Compliance Tip Sheet
- Consultant Registration USAC will issue a unique registration number to the consultant or outside expert and that number will be linked to the HCP's organization.

Rule Changes Effective in FY2021

- **Bid Evaluation**: HCPs must include details about minimum service needs and disqualification factors with their request for services.
- **Declaration of Assistance**: Service providers must include a declaration of assistance when approving invoices and describe the nature of the relationship they have with a consultant, vendor, or outside expert who aids them in the preparation of their application.

What about rurality tiers and prioritization of support?

- Based on the FCC Report and Order, all eligible HCPs are now assigned a rurality tier for the purposes of prioritization.
- The RHC Program will continue to use the same definition of "rural area" under the FCC's rules.
 - In the case where demand exceeds available funding, USAC will prioritize funding based on the assigned rurality tiers and those areas in a Medically Underserved Area/Population (MUA/P).
- Since the rural definition has not changed, health care providers (HCPs) currently approved as "rural" will retain their rural status.
- The RHC Program will assign your rurality tier you do not have to do anything!
 - Look up your priority tier in My Portal or use the <u>Rurality Tier Search Tool</u>.

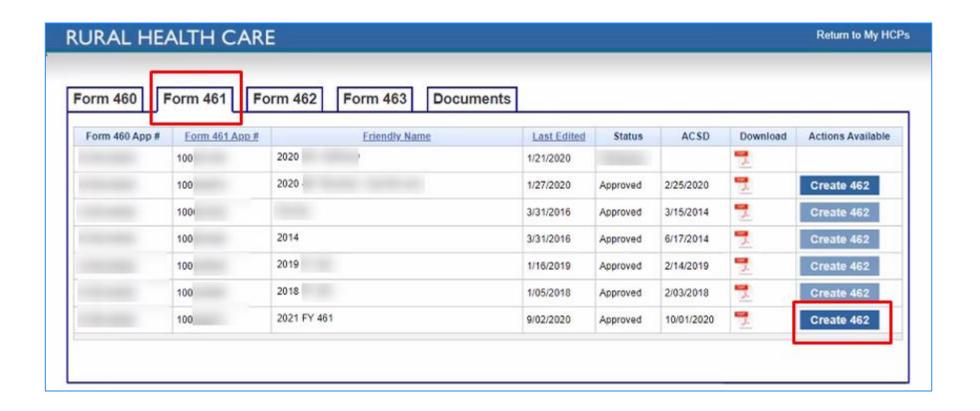

Questions?

Submitting the FCC Form 462 Funding Request Best Practices for FY2021

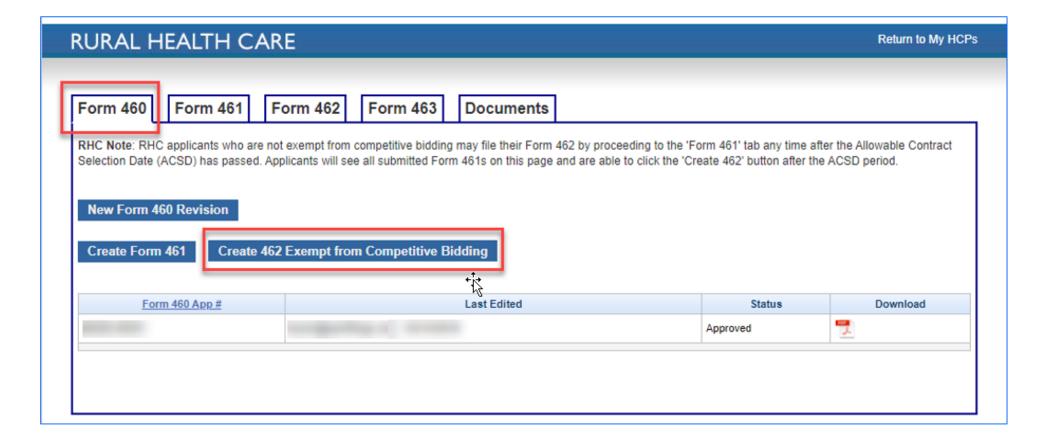

Individual vs. Consortia Applications

- A **consortium** is two or more health care providers (HCPs) that choose to request support on a single application.
- In a consortium funding request you could have multiple HCP's listed under one FCC Form 462.
- In an individual application you would submit a funding request for each approved HCP circuit location.
 - The circuit location on the supporting documentation should match the approved location found on your FCC Form 460.

If NOT Using a Competitive Bidding Exemption: Select "Create 462" from "Form 461" Tab

If USING a Competitive Bidding Exemption "Create 462 Exempt from Competitive Bidding" from "Form 460" Tab

Competitive Bidding Exemptions

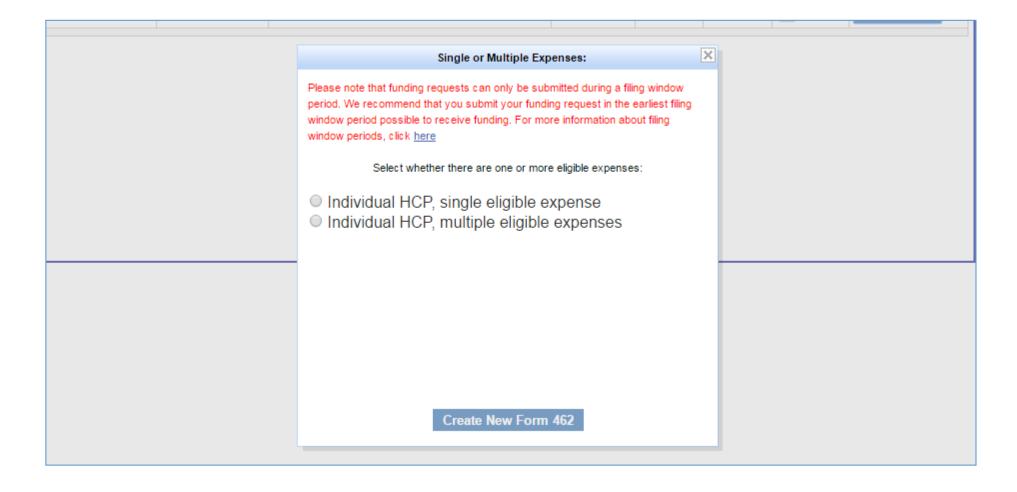

- Purchasing services from a master service agreement (MSA) negotiated by a federal, state, Tribal, or local governmental entity on its behalf of you and others, and which was awarded pursuant to applicable competitive bidding requirements;
- Requesting support using contracts previously endorsed by USAC (MSA under the Pilot Program or the HCF Program);
- Using an active multi-year contract designated as "Evergreen" for the RHC Program (exemption applies for the life of the contract); or is
- Using a contract approved under the Schools and Libraries (E-rate) Program.

Competitive Bidding Exemptions

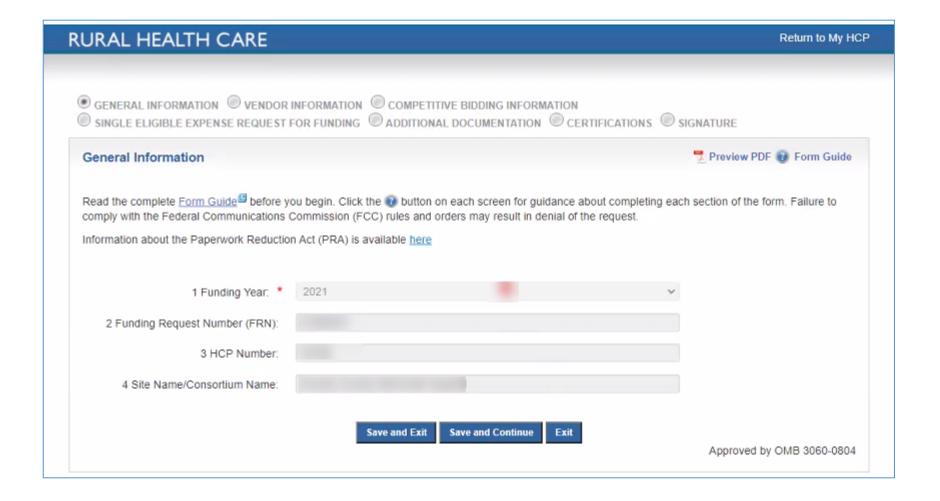

- HCF applicants seeking support for \$10,000 or less of total undiscounted eligible expenses for a single year do not have to complete an FCC Form 461
 - For consortia applicants, this exemption is \$10,000 for all funding requests submitted for the consortium.
 - Applicants selecting this option cannot also request multi-year funding commitments.
 - Exemption does not apply to the Telecom Program.

If the box is selected, only enter the service start date, contract information (Eg. Contract friendly name, term, extension, signed date, etc) is not required.					
If you are requesting an Evergreen, MSA, E-rate contract competitive bidding exemption or have undergone a competitive bidding					
process without intention of receiving support on a month-to-month basis, a contract is required with this FCC Form 462 submission.					
 Applicants must submit a contract or other documentation that clearly identifies (1) the vendor(s)/service provider(s) selected and the 					
HCP(s) who will receive the services; (2) the service, bandwidth and costs for which support is being requested; (3) the term of the					
service agreement(s) if applicable.					
 A contract is not required for applicants claiming a competitive bidding exemption for Annual Costs of \$10,000 or less.

FCC Form 462 Submitted With a Contract

- To have a contract reviewed for evergreen status, click the "Select a Contract" button on the Expense Items Tab. This will generate a contract ID that USAC uses for the evergreen review process.
- Contracts uploaded using the "Other Documentation" button will not be reviewed for evergreen status.
- Notification of evergreen status is reflected in the FCL.

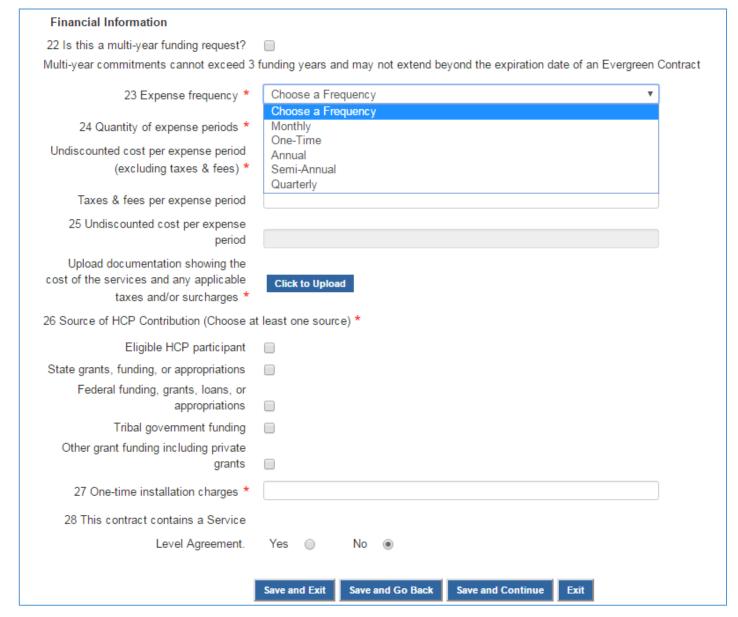

FCC Form 462 Submitted Without a Contract

- As part of the FCC Form 462 supporting documentation, if a bill is uploaded without a contract, the reviewer will treat the form as a month-to-month funding request and confirm that the process is in compliance with the competitive bidding rules.
- Only forms submitted with contracts are eligible for multi-year funding.
- Forms submitted as month-to-month are only eligible for up to one funding year of support.
- Applicants will need to competitively bid services each year if they do not submit a contract with their FCC Form 462.
- When submitting a funding request as month-to-month (without a contract), check the "month-to-month" box.

Signature

After Submitting

- You will receive an email letting you know that your form has been received.
 - If you do not receive an email, please go back into My Portal and be sure that you signed and fully submitted the form.
- The reviewer will reach out if additional information is needed.
- No funding decisions will be issued until after the close of the filing window period.
- Once your funding request has been approved, you will receive a funding commitment letter (FCL) that will include all corresponding information to your funding request including evergreen contract endorsement.

Reminder - Funding Caps & Funding Limitations

- \$10,000 Exemption (§ 54.622(i)(5) Competitive bidding requirement and exemptions)
 - Applicants do not have to go through the competitive bidding process if they are requesting \$10,000 or less in undiscounted costs in aggregate for one fund year.
 - For consortia applicants, this exemption is for requested funding for the entire consortium.
- Submitting an FCC Form 461 without an RFP (§54.622(e)(5)(i) Competitive bidding requirement and exemptions)
 - Consortia applicants who submit an FCC Form 461 without an RFP are limited to \$100,000 per funding year (or over funding years if seeking a multi-year commitment) in program support.

Reminder - Funding Caps & Funding Limitations (continued)

- Large non-rural hospitals (§ 54.607(c) Eligible recipients)
 - Eligible non-rural hospitals with 400 or more licensed patient beds may receive no more than \$30,000 per year in HCF support for eligible recurring charges and no more than \$70,000 in HCF support for eligible nonrecurring charges every 5 years.
- Upfront Costs (§ 54.616 Upfront payments)
 - Only consortia applicants are eligible for this expense type.
 - Upfront expenses include all non-recurring charges for services, equipment or facilities, other than reasonable and customary installation charges of up to \$5,000.
 - If a consortium makes a request for support for upfront payments that exceeds, on average, \$50,000 per eligible site in the consortium, support must be pro-rated over at least three years and the upfront cost must be part of a multi-year contract.
 - Supported services with associated with bandwidth speeds <1.5 mbps are ineligible for funding.

Best Practices – Equipment (§ 54.613 Eligible Equipment)

- "(a) Both individual and consortium applicants may receive support for network equipment necessary to make functional an eligible service that is supported under the Healthcare Connect Fund."
 - Equipment must be broken out into line items based on where the equipment will actually reside and must correspond to an FRN with a supported circuit.
 - A network diagram helps confirm where the equipment is located both at the HCP location and where the service is handed off from the service provider.
 - You must **provide the FRN with the corresponding broadband circuit.** If we cannot confirm that there is a corresponding circuit funded under HCF, we cannot approve funding for the equipment.

Best Practices – Equipment (continued)

- Components of a piece of equipment should be broken out by part on the invoice or contract so that we can determine if any ineligible components are part of the bundle; however, we would not provide funding for a power cord by itself if the router is ineligible.
- Clearly identify on the documentation what constitutes an "item" e.g. router, switch, etc. and list the quantity on Line AA of the FCC Form 462.

Best Practices – Equipment (continued)

- Use a separate line for a service contract or warranty such as "SmartNet" that accompanies a particular piece of equipment and clearly identify it on the corresponding documentation.
- Please use the drop-down menu selections to describe the equipment as accurately as possible e.g. warranty, router (HCP owned), switch (HCP owned), wireless equipment (HCP owned), etc.

Best Practices – Equipment for Consortia (§ 54.613 Eligible Equipment)

- "(b) Consortium applicants may also receive support for network equipment necessary to manage, control, or maintain an eligible service or a dedicated health care broadband network. Support for network equipment is not available for networks that are not dedicated to health care."
 - A **network diagram** helps confirm where the equipment is situated on the network.
 - Equipment must be broken out into line items based on where the equipment will actually reside.
 - Since this type of equipment is only eligible for consortium applicants, all of the members participating on the network should be **registered with an FCC Form 460** and the circuits that this equipment manages should be **filed as a consortium** and not as an individual applicant.
 - **Do not bundle multiple units** on one line item; please clearly identify on the documentation what constitutes an "item" and list the quantity on Line AA of the FCC Form 462.
 - Please use the drop-down menu selections to describe the equipment as accurately as possible.
 - For these types of expenses, the applicant **must clearly demonstrate that the requested equipment performs the function** explicit in the rule, e.g. that it manages, controls or maintains a supported network.

Best Practices – Networks (Primarily Consortia Applicants)

- All sites participating on the network should be registered through an FCC Form 460.
- The documentation submitted must be **associated with the HCP listed on the NCW** of the FCC Form 462.
- You must clearly demonstrate through supporting documentation that the expense listed is for the benefit of the HCP on the line item.
- It is your responsibility to provide clear narratives, network diagrams, and documentation to adequately describe the network.
- Network diagrams are helpful in providing a **snapshot of the network**; documentation such as **contracts, invoices, and/or service orders** must confirm the diagram.
- All supporting documentation must come from the service provider.

Best Practices – Off-Site Data Centers and Administrative Offices (HCF rule §54.615)

- **Provide the end location for all expense items** associated with off-site data centers and administrative offices as these entity types are only eligible for funding based on the following eligible connections:
 - Eligible HCP and off-site data center or off-site administrative office
 - Two off-site data centers
 - Two off-site administrative offices
 - Off-site data center and off-site administrative office
 - Off-site data center or off-site administrative office and the public internet or another network
- Be sure to keep the FCC Form 460 for the data center or administrative offices **updated** with all sites that are using that data center or administrative office (Form 460 Block 1, Line 2 A & B).
- The address of both ends of the connection must be entered and both locations must belong to an eligible HCP, data center, or administrative office.

Best Practices: Communicating with Your Service Provider

- Ensure your service provider is aware of all the necessary documentation needed for future steps in the application process.
- Include your service provider when you reply to Information Requests via email.
- HCPs are required to retain documentation for a period of five years.
