Invoicing Overview

FY 2020 Invoicing Best Practices

RHC Program Application Process

Reminder: Invoicing Deadlines FY2020 and Forward

- New invoicing guidelines adopted in FCC [Report and Order 19-78](#) became effective beginning with FY2020 applicants. The invoicing deadline will be four months (120 days) from the service delivery deadline in both the HCF and Telecom programs, October 28, 2021.
 - For more information please see the [HCF invoice page](#) and [Telecom invoice page](#).
- Under [Order DA 21-394](#), the FCC automatically granted a one-time 120-day extension of the invoice filing deadline to all FY2020 RHC program participants.
 - Applicants in both programs have until **February 25, 2022** to complete the invoicing process for their approved FY2020 funding requests.
 - USAC has automatically adjust invoicing deadlines to reflect the new date.
 - You can find your revised invoice filing deadline on our website by going to our Open Data platform and clicking on the [Rural Health Care Commitments and Disbursements \(FCC Form 462/466/466A\)](#) webpage.
 - Invoice deadline is in Column BE of the Excel spreadsheet.

Information Request Reminders

- Forms with missing or incomplete information or documentation cannot be processed.
- If USAC requires information that cannot be located on the submitted supporting documentation, this will result in an **Information Request**.
- All account holders will receive all Information Requests.
- Applicants are given 14 calendar days to provide a response to the Information Request .
 - 11:59 p.m. ET on the 14th day would be the last time to respond to the Information Request.
- Information Requests not responded to within 14 calendar days **will result in a denial** of that form.
- Note: [Order DA 21-394](#) extended response deadline by an additional 28 days if an applicant requests the extension before the expiration of the initial 14-day deadline. This relief applies to information requests issued from April 8, 2021 through December 31, 2021.

Supply Chain Order

As a reminder, when service providers log in to [My Portal](#) they will see two [supply chain certifications](#) included in the FCC Form 463 and Telecom program invoice.

The first certification affirms compliance with the [Section 54.9 prohibition](#) on USF support to purchase, obtain, maintain, improve, modify, operate, manage, or otherwise support equipment or services produced or provided by the covered companies deemed to pose a national security threat to the integrity of the communications network or communications supply chain. The second certification affirms compliance with [Section 54.10](#), which prohibits the use of any Federal subsidies on any communications equipment and services on the [Covered List](#), which includes those offered by Huawei Technologies Company, ZTE Corporation, Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, and Dahua Technology Company, and their affiliates and subsidiaries.

- **FY2020 Applicants:** If you requested services or equipment provided or that contain components of products produced by any of the listed covered companies, or any of their parents, affiliates and subsidiaries in FY2020, you cannot invoice for these funds. Instead, you should immediately request a [service substitution](#) prior to invoicing in order to ensure complete program compliance.

Supply Chain Order

- [Supply Chain](#) webpage

The screenshot shows the FCC's Supply Chain webpage. At the top, there is a navigation bar with links: About, E-rate, Rural Health Care, Lifeline, High Cost, and Service Providers. Below this, a breadcrumb trail reads: USAC | About | Reports & Orders | **Supply Chain**. On the left side, there is a sidebar menu with the following items: Reports & Orders, Annual Report, FCC Filings, FCC Orders, and **Supply Chain** (which is highlighted with a blue bar). The main content area has the title "Supply Chain" in a large blue font. Below the title, there is a paragraph of text: "Since November 2019, the FCC has taken a number of actions to protect the national security of the United States, the security and safety of United States persons, and the integrity of communications networks or the communications supply chain. The FCC has also implemented the [Secure and Trusted Communications Networks Act of 2019](#). The FCC's actions can be found at www.fcc.gov/supplychain." Below this paragraph, there is another paragraph: "In November 2019, the FCC released the [Supply Chain First Report and Order](#) adopting a rule (47 CFR Section 54.9) which prohibits the use of Universal Service Fund (USF) support to purchase, obtain, maintain, improve, modify, operate, manage, or otherwise support equipment or services produced or provided by companies found to pose a national security threat to the integrity of communications networks or the communications supply chain."

Site and Service Substitutions

- Site and service substitutions allow you to reallocate un-invoiced committed funds to substitute the services, modify the services, or provide the requested services to other eligible sites
- You may request a site or service substitution if:
 - The substitution is provided for in the contract, within the change clause, or constitutes a minor modification
 - The requested change is within the scope of the controlling Request for Services, including any applicable RFP used in the competitive bidding process
 - The substitution does not violate any contract provision or state, Tribal, or local procurement laws; and
 - The site is an eligible HCP and the service is eligible under the Telecom or HCF program
- Applicants with month-to-month approved funding commitments may not utilize site and service substitutions as they did not apply with a contract
- Site and service substitutions must be submitted by the service delivery deadline
- For more information, visit our [Site and Service Substitutions](#) webpage

How do I invoice for one-time install costs?

- Click “ADD” on the line item on the “FRN Search” tab
- Then increase the “Total Cost Invoiced (Undiscounted)” or column L on the “Invoice Line Items” tab of the FCC Form 463 by the full “Undiscounted Non-Recurring Expense” amount (found on your FCL)

- The one-time cost = \$500
- The monthly recurring cost = \$200
- Enter \$700 (sum of \$500 and \$200) into Column L to get funding for the entire install cost and one month of recurring cost
- You can also bill for multiple months and add the install charge

Best Practices for Creating the FCC Form 463

- Consolidate invoices
- Utilize calendar drop down for billing start and end dates
- Identify eligible amount for chosen period
- Common issues
 - N/A Line Items
 - Grayed out “Create 463” button
 - \$0.00 in the USF Support Amount to be Paid column
 - Error Messages

Commonly Asked Questions

- The total amount of funds invoiced is less than what is listed on the FCL. I divided the total amount by 12 months, which is one year of funding. How do I invoice for the full amount?
 - USAC calculates the monthly recurring rate based on full months as they vary in the numbers of days, as opposed to the 365/366 days in a year
 - For instance, January has 31 days and April has 30 days
 - As long as you invoice for all committed funding dates consecutively, then you will receive the full committed funding amount as listed on your FCL

USAC Monthly Recurring Cost Calculation Example

- Entered billing dates of (September 24, 2020 - October 23, 2020)
 - September and October's individual day calculations are different
- Line item 1 = \$100.00 monthly
- September (30 days): $100 / 30 = \text{\$3.33 per day}$
 - $\text{\$3.33} \times 7 \text{ days (September 24 - 30)} = \text{\$23.31}$
- October (31 days): $100 / 31 = \text{\$3.23 per day}$
 - $\text{\$3.23} \times 23 \text{ days (October 1 - 23)} = \text{\$74.29}$
- Total amount for billing period: **\\$97.60** not \$100.00

Commonly Asked Questions (continued)

- Why is the service start date in Column H greyed out?
 - When you file the first FCC Form 463 for an FRN, My Portal prompts you to enter a date into Column H.
 - Once USAC approves an FCC Form 463 with a service start date in Column H, neither USAC nor the applicant can modify that date at a later time.

Commonly Asked Questions (continued)

- Why is N/A showing next to some of my line items?
 - This may occur for several reasons. If you hover over the “N/A”, My Portal displays a message letting you know why that particular line item is unavailable for invoicing.

Commonly Asked Questions (continued)

- Why is USAC requesting supporting documentation for my FCC Form 463?
 - Per [FCC Report and Order 19-78](#), USAC must ensure that an invoice accurately reflects the services an HCP is receiving and the support due to the service provider.
 - RHC is requesting supporting documentation to verify the services that were submitted on the FCC Form 463 and confirm eligibility for payment for the requested billing period.
 - This validation will help us eliminate waste, fraud, and abuse by making sure that HCPs receive accurate funding for approved services.

Supporting Documentation – Best Practices

When responding to Information Requests, please submit the following documentation:

- **Copies of billing documentation** for the referenced billing period with the following information highlighted:
 - HCP Name
 - Circuit Location(s)
 - Billing Account Number (BAN)
 - Bandwidth
 - Circuit ID
 - Service Type
 - Monthly Recurring Charges (MRC)
- **Proof of payment** for the requested billing period e.g. check, bank statement, or a printout from the accounts payable system. Proof of payment must show 35% of the MRC has been paid.
 - In the absence of payment or if no payment was made as a result of **credits** on an account, please provide an explanation of what action resulted from the credits.
- If these details can't be identified on an invoice or proof of payment document, please provide the contract or service agreement.
- Supporting documents must be submitted by the deadline on the Information Request.
- Requests for deadline extensions must be submitted **prior to the original deadline**.

Supporting Documentation - Examples

- Marked up invoice clearly reflects HCP, Billing Account Number (BAN) Circuit Location(s), Bandwidth, Service Type, and Monthly Recurring Charge (MRC)

Supporting Documentation

- If supporting documentation is found to be insufficient or in conflict with approved services, a reviewer will send an Information Request.
- If a discrepancy is discovered, the invoice may be returned for corrections or denied.
 - Discrepancies can occur when the service approved on the FCC Form 462 is not the same service as what is in use and being billed by the service provider.
 - Example: The bandwidth for an expense increased from 25 Mbps to 50 Mbps, **even if there is no change to the monthly recurring charge.**
- Any pending issues about services must be resolved prior to submitting an invoice to USAC.
 - Example: If an HCP is in dispute with their service provider, an invoice **should not** be submitted to USAC until the dispute has been resolved.

Invoicing Process – Telecom Program

FY 2020 Invoicing Best Practices

Reminder: Invoicing Deadlines FY2020 and Forward

- New invoicing guidelines adopted in FCC [Report and Order 19-78](#) became effective beginning with FY2020 applicants. The invoicing deadline will be four months (120 days) from the service delivery deadline in both the HCF and Telecom programs.
 - For more information please see the [HCF invoice page](#) and [Telecom invoice page](#).
- Under [Order DA 21-394](#), the FCC automatically granted a one-time 120-day extension of the invoice filing deadline to all FY2020 RHC program participants.
 - Applicants in both programs have until **February 25, 2022** to complete the invoicing process for their approved FY2020 funding requests.
 - No action is required from applicants to receive this extension.
 - USAC will automatically adjust invoicing deadlines to reflect the new date.

Submitting the FCC Form 467

- When the FCC Form 466 is approved, USAC issues a Funding Commitment Letter (FCL) and sends you a link to the FCC Form 467 (Connection Certification)
- USAC also emails a copy of the FCL to your service provider
- The FCL notifies you and your service provider of the estimated support amount based on the duration of expected service
- Review the FCL to ensure the Billing Account Number (BAN) is correct, confirm the actual start and actual end dates of service, and confirm that all other information is accurate
 - If you have any questions or disagree with information in the FCL, be sure to reach out to the Help Desk at RHC-Assist@usac.org before filing the FCC Form 467
- If the FCL is correct and the selected services have begun, submit the FCC Form 467
- You must submit one FCC Form 467 for each approved FCC Form 466
- You will not receive support until USAC has received and approved the FCC Form 467

HCP Support Schedule (HSS)

- Once you submit your FCC Form 467, USAC will send you and your service provider an HCP Support Schedule (HSS) and your service provider can begin the invoicing process
- There is no form name or number for the Telecom program invoice
- Once you receive the HSS, review it to ensure all of the information is correct
- If you have any questions about the information on the HSS, email RHC-Assist@usac.org with the FRN number in the subject line
- If services were delayed or not turned on it is the responsibility of the HCP to submit an FCC Form 467 revision in My Portal
- After reviewing the HSS for accuracy, the service provider will credit your account
- The service provider will log in to My Portal and submit an online invoice

Invoicing is a joint process between you and your service provider using the FCC Form 463 (Invoice and Request for Disbursement Form).

Invoicing Process

Once you receive a bill from the service provider, you can create an invoice for the services received using the FCC Form 463. You must certify that the information in the form and attachments is accurate and that you or another eligible source have paid the 35% contribution. Next, you send the FCC Form 463 to the service provider for approval through [My Portal](#). The service provider reviews the FCC Form 463 and certifies its accuracy, and then submits the form to USAC. Once USAC receives the FCC Form 463, it processes the form and, if approved, funds are then distributed to the service provider.
