

Credits for Double USF Contribution - Overview

USAC provides this form as a voluntary resource for reseller telecommunications service providers to demonstrate a double USF contribution and to receive credit for its duplicative contribution to the USF on telecommunications revenues for which its wholesale carrier also contributed.

2017 Wholesaler-Reseller Reconsideration Order

The FCC's 2017 Wholesaler-Reseller Reconsideration Order¹ allows resellers to request a credit from USAC when they demonstrate that both the reseller and wholesaler contributed USF funds on the same service. The reseller must demonstrate, by a preponderance of the evidence, that its underlying wholesale provider also contributed by providing (1) a sworn affidavit from its wholesale provider attesting to the revenue received from the reseller and the universal contributions paid to USAC on that revenue by quarter based on its records, and (2) a certification from the reseller that it attests to the veracity of the underlying wholesale provider's statement based upon a review of its own records.²

If a reseller is unable to provide a sworn affidavit and a certification from its wholesale carrier, the reseller must demonstrate a reasonable expectation via other reliable proof that both it and its wholesale carrier contributed to the USF on the same telecommunications revenue.³ USAC shall evaluate the use of other reliable proof to demonstrate a reasonable expectation on a case-by-case basis, based on the reasonableness of the utilized method or proof. Please contact USAC if you wish to submit other reliable proof demonstrating double USF contribution.

Double USF Request Process

1. Review Account Standing – The account must meet the following requirements:
 - a) The 20xx FCC Form(s) 499-A related to the duplicate USF payment(s) refund request must not have any outstanding issues with the filing(s).
 - b) The 20xx FCC Form(s) 499-A related to the duplicate USF payment(s) refund request must not have any open appeals.
2. Determine Filing Period - If the FCC Form 499-A filing period of the double contributions is still open, notify your Wholesale Carrier that you are a direct USF contributor for that period. The Wholesale Carrier may revise its FCC Form 499-A moving revenues reported from your company from Block 4 (End-User Revenues) to Block 3 (Revenues from contributing resellers). USAC will use the revised FCC Form 499-A filing to re-calculate the Wholesale Carrier's annual true-up. If the Wholesale Carrier chooses not to revise its FCC Form 499-A, you will need to submit that communication to USAC.
3. Review "Credits for Double USF – Cover Sheet" – Submit the completed cover sheet (provided on the next page) with required supporting documentation, along with the supporting documentation, to ContributorAppeals@usac.org.
