Quarterly Filing

Who is Required to File the 499-Q

FCC Form 499-Q Purpose

What is it?

- The FCC Form 499-Q (quarterly) is used to determine the amount of money a company must contribute to the universal service fund for a quarter.
- While the filer reports both historical and projected revenues on the form, **only the projected revenues are used to determine the contribution amount** billed in the upcoming quarter.

Define "*de minimis*"

Definition of *de minimis*

A filer qualifies for *de minimis* status for a given calendar year when the revenue reported on its corresponding FCC Form 499-A is such that the calculated annual contribution to the federal Universal Service Fund is less than $10,000.

Annual Revenue Threshold

For calendar year 2026, filers that bill less than **$37,175** of combined **end user** interstate and international telecommunication revenues will be considered *de minimis* for 2026.

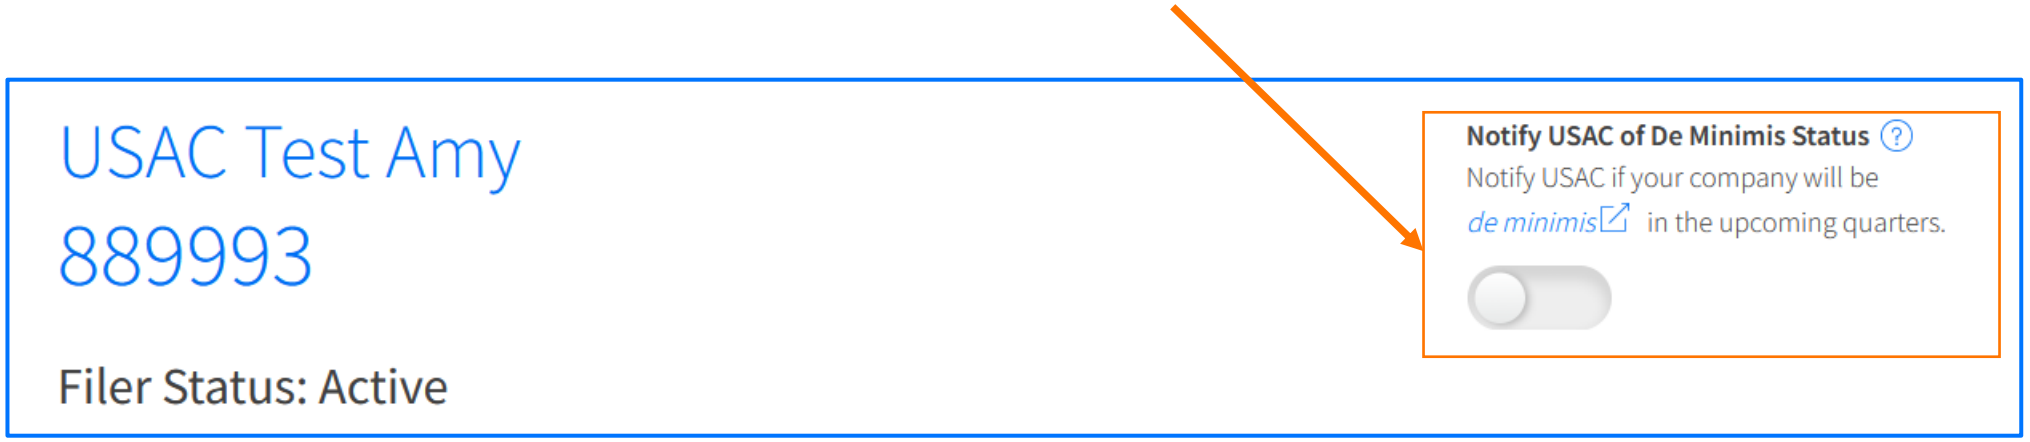

For calendar year 2025, filers that billed less than **$39,062** of combined **end user** interstate and international telecommunication revenues will be considered *de minimis* for 2025.

If the company has determined that it will be required to be a direct contributor to the Federal Universal Service Fund, that company must file an FCC Form 499-Q, the quarterly filing.

Who Must File

1. **Every <u>non</u> *de minimis* telecommunications company <u>must</u> file the FCC Form 499-Q.** This means your company is a direct contributor to the FUSF and is billed monthly by USAC. **If the company does not file, a late filing fee will be applied.**

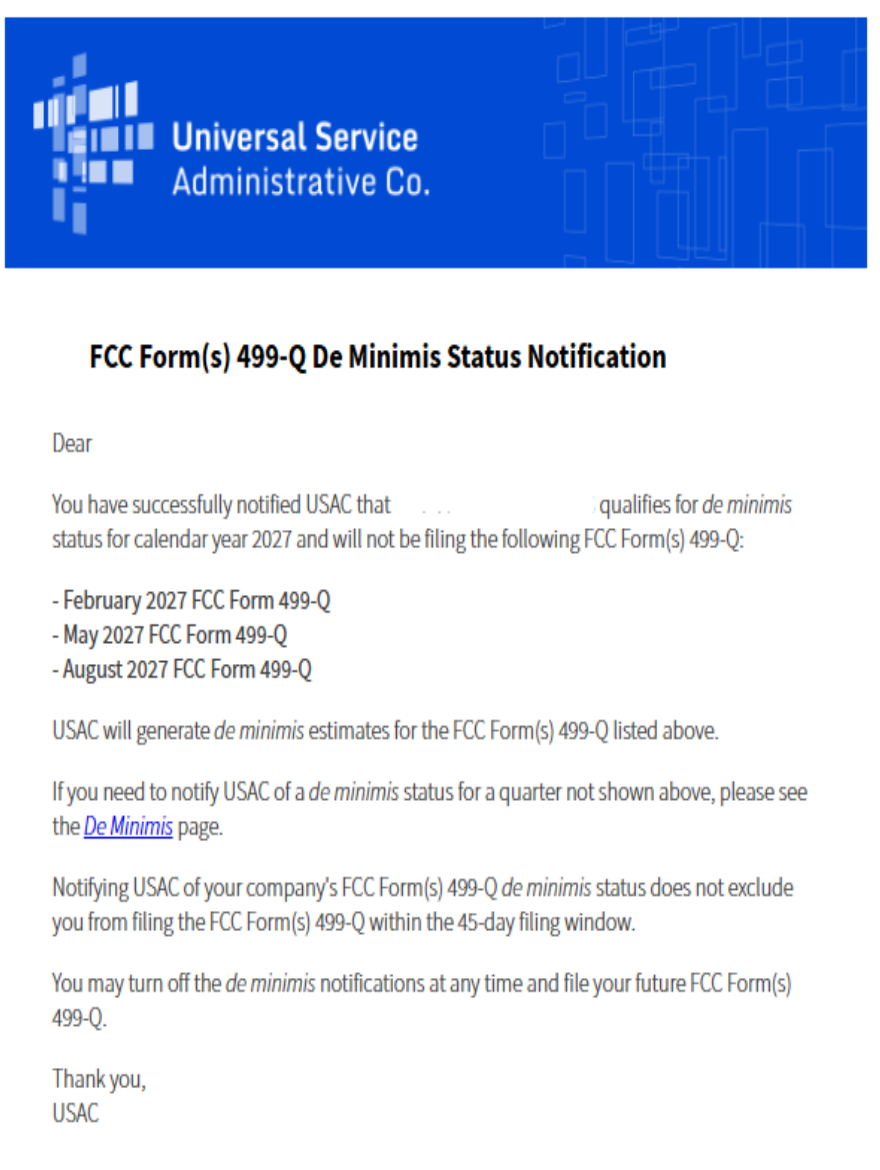

2. *De minimis* filers are not required to file the FCC Form 499-Q, but **must** notify USAC of their status by selecting the *de minimis* button on their main screen after logging into E-File.

Also please note that this must be done every year. So if you think your company will be *de minimis* in calendar year 2027, you may now select the *de minimis* button.

de minimis Notification

- If you notify USAC of your de minimis status for 2027 by clicking the button, you will be sent an email instructing your company that it is not required to file quarterly forms covering the calendar year 2027.
- If the company has determined that your de minimis status has changed, you should 'unclick' the de minimis button and file the November FCC Form 499-Q.
- Regardless of a company's de minimis status, there will always be an entry in E-File listing the FCC Form 499-Q.

Universal Service Administrative Co.

FCC Form(s) 499-Q De Minimis Status Notification

Dear

You have successfully notified USAC that qualifies for *de minimis* status for calendar year 2027 and will not be filing the following FCC Form(s) 499-Q:

- February 2027 FCC Form 499-Q
- May 2027 FCC Form 499-Q
- August 2027 FCC Form 499-Q

USAC will generate *de minimis* estimates for the FCC Form(s) 499-Q listed above.

If you need to notify USAC of a *de minimis* status for a quarter not shown above, please see the *De Minimis* page.

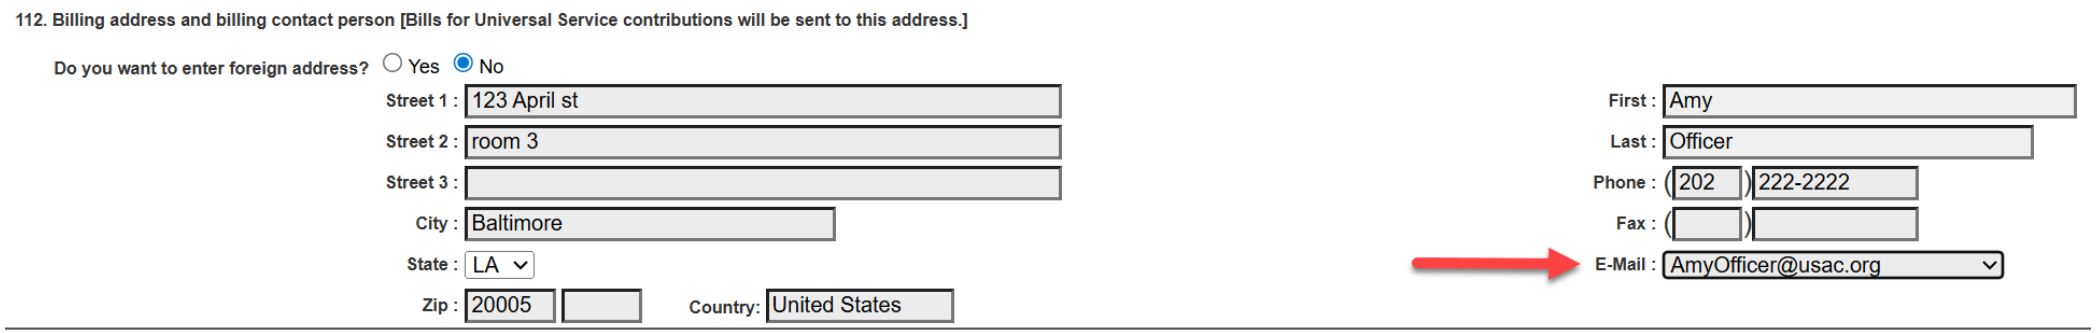

Notifying USAC of your company's FCC Form(s) 499-Q *de minimis* status does not exclude you from filing the FCC Form(s) 499-Q within the 45-day filing window.

You may turn off the *de minimis* notifications at any time and file your future FCC Form(s) 499-Q.

Thank you,
USAC

Select Billing Contact When Completing the 499-Q

- All 499-Q filers must select the email address of a Billing Contact when completing the 499-Q in E-File which is located in Line 112 of the 499-Q:

- The Billing Contact can be selected via a drop-down set of selections populated with active registered users associated with the 499 Filer ID.
- USAC will send Billing Statement notifications to the Billing Contact.

Questions?

Annual Filing
FCC Form 499-A

FCC Form 499-A Purpose

What is it?

A company reports their actual historical revenues on the FCC Form 499-A.

The 2026 FCC Form 499-A reports actual revenues from calendar year 2025.

USAC takes the revenue on the 2026 FCC Form 499-A and compares it to the projected revenue from the quarterly FCC Forms 499-Q that were filed in 2025.

Estimated Revenues – Total for Year

499-Q November 2024 Filing (1Q 2025)
499-Q February 2025 Filing (2Q 2025)
499-Q May 2025 Filing (3Q 2025)
499-Q August 2025 Filing (4Q 2025)

Compare to

Actual Revenues

- 2026 FCC Form 499-A
  January – December 2025

Annual True-Up

Compare 499-Q revenue to the 499-A revenue

If the company's projected revenues for calendar year 2025, reported on the FCC Form 499-Qs, are **too high**, USAC will calculate your credit.

The company 'contributed' too much over the year.

If the company's projected revenues are **too low**, USAC will calculate a "true-up charge" to make up for the contribution deficit.

The company didn't contribute enough over the year.

These charges/credits will appear on the company's July billing statement and a True-Up statement will be made available in E-File.

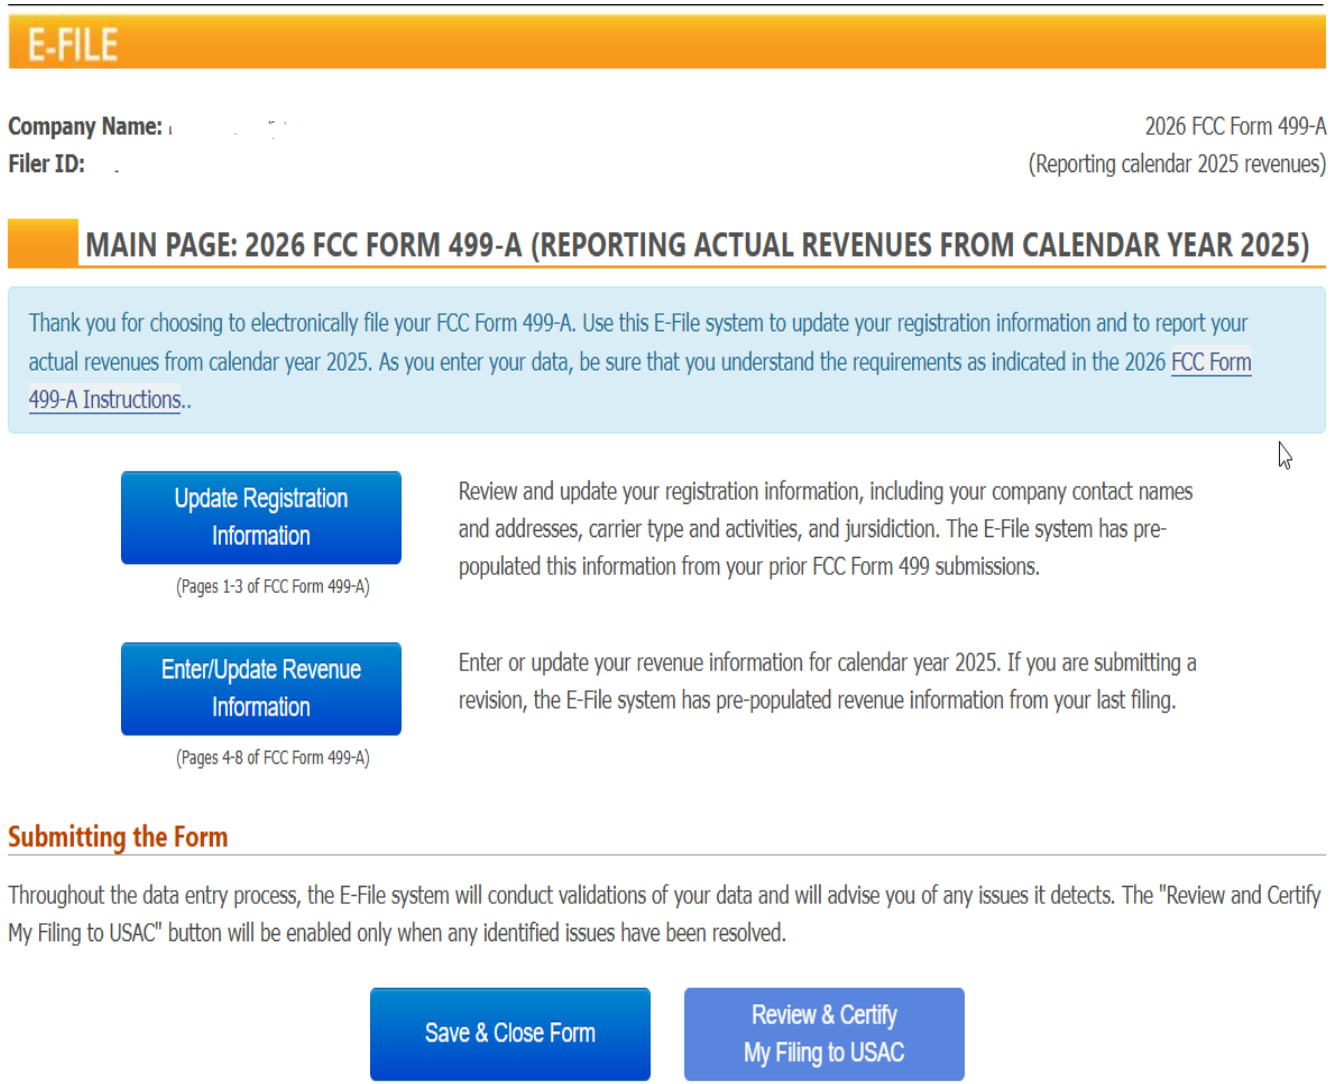

Annual Form – Main Page

After starting the 499-A in E-File, the main page for completing of the FCC Form 499-A will appear.

The two main areas of the annual form that require attention are the registration and revenue areas.
